XI. ADJOURNMENT

****Identified on Agenda Protocol Sheet***

SELECT BOARD AGENDA PROTOCOL:

Roberts Rules: The Select Board follows Roberts Rules of Order to govern its meetings as per the Town Code Charter.

Public Comment: Public Comment is to bring matters of public interest to the attention of the Board. The Board welcomes concise statements on matters that are within the purview of the Select Board. At the Board's discretion, matters raised under Public Comment may be directed to Town Administration or may be placed on a future agenda, allowing all viewpoints to be represented before the Board takes action, if any. Except in emergencies, the Board will not normally take any other action on Public Comment in its sole discretion.

To facilitate that any individual who wishes to provide Public Comment has the opportunity and to ensure the ability of the Board to conduct its business in an orderly fashion, the following rules and procedures are adopted consistent with state and federal free speech laws:

- The agenda for regular Select Board meetings will include a Public Comment period at the beginning of the meeting unless there is more urgent business for the Board to take up first. This time is reserved for speakers to address the Board on matters that are not related to any other Agenda item. If a speaker wishes to address the Board on a matter that is related to another Agenda item, the Chair will accept public comment when that Agenda item is reached during the meeting.
- All speakers are encouraged to present their remarks in a respectful manner.
- All remarks will be addressed through the Chair of the meeting.
- The Chair of the meeting may not interrupt speakers who have been recognized to speak, except that the Chair reserves the right to terminate speech which is not constitutionally protected because it constitutes true threats, incitement to imminent lawless conduct, comments that were found by a court of law to be defamatory, and/or sexually explicit comments made to appeal to prurient interests. Verbal comments may also be curtailed if they exceed three (3) minutes and to the extent they exceed the scope of the Board's authority.

Disclaimer: Public Comment is not a time for debate or response to comments by the Board. Comments made during the Public Comment period do not reflect the views or positions of the Board. Because of constitutional free speech principles, the Board does not have authority to prevent all speech that may be upsetting and/or offensive made during the Public Comment period.

New Business: For topics not reasonably anticipated by the Chair 48 hours in advance of the meeting may be brought up for discussion in accordance with the Open Meeting Law.

Public Participation: The Board welcomes valuable input from the public at appropriate times during the meeting with recognition from the Chair at his/her sole discretion. For appropriate agenda items, the Chair will introduce the item and take public input. Individual Board Members may have questions on the clarity of the information presented. The Board will hear any staff input and then deliberate on a course of action.

Select Board Report and Comment: Individual Board Members may have matters to bring to the attention of the Board during a meeting. If the matter contemplates action by the Board, Board Members will consult with the Chair and/or Town Manager in advance and provide any needed information by the Thursday before the meeting and/or schedule the matter for a future Board meeting. Otherwise, except in emergencies, the Board will not normally take action on Select Board Comment.

Erika -

Attached please find my completed application for the STRWG. It also includes responses to the supplemental questions as I understand them to be. If they are not yet vetted and approved or should be submitted later, please feel free to delete them or let me know so I can resubmit.

My understanding is that all applicants are to submit their applications for the open seats even if they are to be named as appointed by one of the 3 organizations who will submit names. Nantucket Together will submit 3 names (including mine as primary appointee), in a separate email, as requested before the deadline this week.

Thanks!

Maureen:

Per our discussion, attached are the Committee Interest Forms and Evaluation Sheets for Peter Kahn and William Gardner the ACNVT recommendations for Primary and Alternate members of the STRWG. Gary Beller, our third recommendation submitted his Forms directly to you earlier today.

Peter and William ("Bill") are interested in serving. They have been productive, collegial members of ACNVT, as has Gary.

None of our "nominees" are members of ACK*Now or Nantucket Together. They are intent on looking at the facts along with the other appointees and working cooperatively with them so that STRWG may fulfill its mission.

Please convey the names for consideration by the Select Board, Chair of FinCom and Vice-Chair of the Planning Board along with our recommendation that they select Peter Kahn as the Primary and William Gardner as the Alternate.

Thanks for your help.

Best wishes.

Peter

REQUESTING APPOINTMENT TO: Short Term Rental Working Group (STRWG)

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? *Attended pre-STRWG organizational public meetings via Zoom*
- Why are you interested in this committee/board/commission? *As I member of the Advisory Committee of Non-Voting Taxpayers (ACNVT) I have been involved in the STR discussions since the original warrant articles were considered in the fall of 2020. I founded a non-profit community organization with a website and Facebook Forum to provide an on-going vehicle for public comment and information dissemination on STR topics of interest. I have owned my Nantucket home since it was built in 1993 and only rented to family and friends until 2015 when my company was sold and I lost my job before I was financially able to retire. I then began renting my home when I was not on-island and have continued into retirement because I enjoy sharing our family's Nantucket experience with other families during the season and also to provide a safe and comfortable place for work crews in the off-season. The income from our STR (we also rent monthly in the shoulder season) is being set aside for the maintenance of our home so that our 5 grown children and their families (all of whom visit) can enjoy it without financial worry in the future. My youngest son grew up summers and weekends on the island and has been a year round resident since he graduated college in 2009 with a hospitality degree so I am very familiar with the struggles for adequate and affordable housing. He is our on-island property manager, cleaning service and needs the income to afford to live on island.*
- Are you prepared to commit to the meeting schedule of the committee/board/commission? *Yes*

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission? *I have attended, hosted or viewed every public meeting (Select Board, FINCOM, Planning Board, Nantucket Civic League Forums, Nantucket Together, ACNVT, Tom Nevers Civic Association) on the topic since the STR discussions began, listened to the concerns and thoughts of all*

sides of the 'debate', shared my own views and the views of Nantucket Together members and personally researched data and other information relative to the local and national discussions on STRs. What I have learned through immersion in the topic and how the town government works, is that this is an especially complex issue on Nantucket because of unique situation(s) on the island that makes a 'one size fits all' approach less likely to succeed. I am a retired IT executive, specializing in database technology so am very interested in aligning data with both problems and solutions so we are not fixing something that is not broken or breaking anything that is working.

- What would you hope to accomplish on the committee/board/commission? To acquire and evaluate facts regarding STRs on Nantucket so that the group can define the quality of life problem(s) that have direct correlation/relationship to STRs and craft reasonable regulations to alleviate or resolve those problems without causing disproportionate harm to the Nantucket economy and individual homeowners. Although this has been a highly divisive issue, I believe reasonable people who care about the quality of life on this island can come to a consensus.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.
*I am an appointed member of the ACNVT (serving 2nd 3-year term).
I have been a member of the Tom Nevers Civic Association since I purchased my home. I have been serving on the elected Board for approximately 15 years and as Vice President since 2014.
I am the co-founder and President of Nantucket Together, a 100% volunteer Section 501(c)(4) non-profit community organization originally founded to preserve the rights of all property owners to rent their homes and with an expanded mission that can be found at our website: www.nantuckettogether.org. Our organization is quite diverse, with a highly representative mix of year round and part-time residents, those who rent their own homes short and long term, those who do not own homes and rent year round, those who do not rent their homes and those who are seasonal visitors who stay in rentals when they come to Nantucket.*
- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket? No, nor am I provided any compensation by Nantucket Together.

Curtis Barnes
12 Sunset Hill Lane
Nantucket, MA 02554
508-228-4133 (home)
508-292-4123 (cell)

With 40+ years in the rental business on Nantucket, I would like to submit my name for appointment to the Short Term Rental Work Group as an At-Large Member. The following is a summary of my qualifications for appointment to the committee.

1. In 1980, my late wife, Joan, and I purchased and operated the telephone reservation service "Nantucket Accommodations", which provided guest reservations in the many Bed and Breakfast facilities on the Island. Nantucket Accommodations is still in service on the Island today at 508-228-9559, serving the Island's guest house and hotel community.
2. As requests increased, we subsequently opened "Nantucket Vacation Rentals" – a telephone service booking cottages for rent throughout the Island. In the 1980s and early 1990s we had service contracts with approximately 200 owners for renting and providing management services for their properties, and employed four year-round Island residents as licensed rental agents. All long before Airbnb and Vrbo appeared on the scene!
3. As business increased, we expanded to "Nantucket Real Estate Co., which incorporated both sales and rentals; and subsequently we established "Nantucket Island Homes", through which we constructed approximately 150 (mostly) modular homes in order to provide affordably priced housing for many local residents.

While engaged in the property rental business on Nantucket, we also were charter members of the national "Vacation Rental Managers Association", which developed standards for the short term rental industry, in such wide ranging areas as Sanibel Island, Florida to Mendocino, California. The Association held its annual national convention on Nantucket in 1992, and Joan Barnes was a member of the Board of Directors from 1989 to 1997, and national President of the Association in 1994-95.

Currently I own two rental properties at 12 Sunset Hill Lane. One has always been rented at an affordable "below market" rate to a year 'round resident of the Island. Currently it is leased to Fairwinds Counseling Service for a senior staff member. The other cottage is used both by family members for vacation, and is rented on a weekly basis during the summer to help pay taxes and living expenses on the Island. On occasion, during the winter, it is rented for a longer term to a community organization such as the Dreamland for staff/consultant housing.

In addition, in 1990, I built a three-unit apartment on Boynton Lane, specifically to provide reasonably priced housing for "Traveling Nurses" for the Nantucket Cottage Hospital. Subsequently, as a result of this experience, Nantucket Island Homes was contracted by the hospital to build the four duplex housing units which are on the hospital property at Surfside Road and Vesper Lane. Currently the apartment at 2 Boynton Lane is occupied by (1) a year round small business owner on Broad Street; (2) a Town of Nantucket staff member; and (3) a teacher at the Nantucket High School. All rents are significantly

"below market" rates, as I believe that providing affordable housing options for employees is one of the critical situations on the Island at the present time.

Having served as Nantucket's Town Crier for 28 years; as a member of the Town Government Study Committee in 2020-2022; and currently as a Nantucket Water Commissioner, I believe I am well qualified to provide useful insight, and significant contribution to the Short-Term Rental Work Group.

Sincerely,

A handwritten signature in blue ink that reads "Curtis Barnes". The signature is written in a cursive, flowing style.

Curtis L. Barnes

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? no
- Why are you interested in this committee/board/commission? see below
- Are you prepared to commit to the meeting schedule of the committee/board/commission? yes

As a homeowner on Nantucket, I have been following the STR controversy very closely. We often rent our home in high season, and I am interested in contributing to the dialogue and decision making process with regard to this issue.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

I am a retired Deloitte partner and have years of consulting experience tackling client problems and looking for solutions. I would hope to bring a balanced perspective (despite the fact that I am a homeowner who generally rents in 32 day periods) and look for a solution acceptable to all parties. I would also like to "give back" to the Nantucket community.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members. I am currently a board member of The Juvenile Diabetes Research Foundation NY chapter. My husband John Schmidt is currently the co-chair of the Dreamland board

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission?
- Why are you interested in this committee/board/commission?
- Are you prepared to commit to the meeting schedule of the committee/board/commission?

I was at town meeting this year and listened to the input from town residents. I would like to work on setting up rules and standards to be implemented by the town. I will be available for meetings whenever this work group schedule is decided.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

I have lived on Ack since 1986, and I have seen the island grow and change. My wife and I have owned and managed 2 properties on Ack since 2004. These properties are made up of 4 separate units. 1 primary residence, 2 year round rentals, and 1 seasonal Air BnB in the Historic District.

I hope to give solid input about short term rentals compared to year round rentals in the Historic District and the rest of the island.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.

I am not currently on any board or committee.

REQUESTING APPOINTMENT TO: Short-term Rental Working Group At-Large Member

Reasons for Committee Interest

- **Have you ever attended a meeting of the committee/board/commission?** No, as this is a new committee.
- **Why are you interested in this committee/board/commission?** I have spent part of almost every summer on this island since the early 1970s and have owned a home in Tom Nevers for 43 years. To pay for all the expenses associated with a home on Nantucket, including mortgage, taxes, maintenance, improvements, and insurance, my wife and I have leased the home for part of the summer to family and friends since 1980. In recent years, we have also used select realtors for a portion of our rentals. My wife and I use our home as frequently as we can. Like most Nantucket homeowners, family use has varied over the years depending on life circumstances. During these four decades, we have NEVER had a complaint from anyone about our guests, and that is a record we intend to maintain by carefully screening our renters. I have been following Nantucket's STR debate and am troubled by the name-calling, distortions, and animosity this debate has engendered. I am convinced that good people can find a fact-based common ground that preserves the Nantucket we love without turning the island into the exclusive playground for billionaires or a commercial enterprise for off-island corporate interests who never spend time on Nantucket.
- **Are you prepared to commit to the meeting schedule of the committee/board/commission?** Yes, and I commit to working towards a consensus. We must resolve this issue so that homeowners know exactly what to expect in the years ahead. I know it's trite, but after all the time and energy expended on STR vacation rentals to date, failure is not really an option.

Relevant Experience

- **What experience, skills or insight would you bring to the committee/board/commission?** I have attached a resume that more completely describes my background and skill set in government (U.S. Congress), media (CBS/KDKA-TV), and law (Reed Smith, Eckert Seamans, etc). I think I bring an important perspective as a long-term (43 years) Nantucket property owner with a modest vacation rental home, and as an individual very familiar with the island. I am a consensus builder who over the years has chaired many committees and organizations with diverse members seeking to solve problems and reach resolutions. I believe in listening to all points of views, asking key questions, and finding that common ground that brings people together. I am very familiar with the way government operates in my professional life, but, more importantly, I am committed to narrowing differences in complex situations to reach a common goal.

- **What would you hope to accomplish on the committee/board/commission?** Nantucket has a long 100-year+ history of vacation rentals as the primary driver of the island's economy. This history makes it nearly unique compared to the many STR communities that are popping up around the country. The problems and solutions for those communities are not necessarily the solutions for Nantucket. In my view, Nantucket must address a variety of problems – traffic congestion, parking shortage, affordable housing, influx of off-island corporate investors, environmental impact, to name a few – but how these issues are impacted by STRs must be factually ascertained. Once there is a consensus on the impact of vacation rentals, appropriate regulations must be developed to mitigate the problems. As reiterated above, my goal is to reach a commonsense agreement on how best to regulate short-term rentals on Nantucket that works for Nantucket without destroying the historic culture and economy of the island. That requires the appointment of STRWG members who pledge to work in good faith, knowing that the final outcome must be a compromise. In my view, this issue is not two-sided but has many constituencies of interest. I pledge to keep an open mind with respect to all viewpoints, so that we accomplish an end result that reasonable people will call a success!

Potential Conflicts of Interest

- **Please list any committees appointed by the Board of Selectmen, local agencies, or non-profit organizations of which you or a member of your immediate family are current members.** Neither I nor any member of my immediate family has ever been appointed by the Select Board or local agencies. As you would expect, over our 43 years on Nantucket, my wife and I have been members and/or donors to a variety of non-profit island organizations, including the Nantucket Civic Association, Nantucket Conservation Foundation, Nantucket Cottage Hospital, Nantucket Historical Association, Nantucket Police Charitable Association, Nantucket Together, Property Owners Association of Tom Nevers East (POATNE), St. Paul's Episcopal Church, Sustainable Nantucket, and the Tom Nevers Civic Association.
- **Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket?** No.

PROFESSIONAL POSITIONS

KDKA-TV (CBS)

1994-Present

Money & Politics Editor, 2001-Present

Political Analyst, 1994-2001

After 7 years as a part-time political analyst, in late 2001, KDKA-TV, the CBS owned and operated station in Pittsburgh, retained me as the station's full-time Money & Politics Editor, responsible for on-air news coverage of politics, government, and economic development issues in the region. Beginning in late 1994, I appeared on-air regularly to analyze national, state, and local governmental and political events; to help design coverage and prepare packages of key political stories, which included reports from the 1996, 2000, 2004, and 2016 presidential conventions; to participate as a frequent guest on television programs; to moderate candidate debates and public forums; and to speak to organizations on government-related topics. This role was formalized in 2001 and was expanded to include daily reporting of government and business stories, hosting "The Sunday Business Page," a program highlighting business issues in the community, and writing and delivering "The Money Minute," a user-friendly TV segment on finance that once aired daily on the news. My focus over the last two decades has been government and economic development. During the 2020 presidential campaign, I had four one-on-one interviews with President Joe Biden and was the first local TV reporter to interview former President Donald Trump one-on-one. He also interviewed former Vice President Pence, members of the Trump family, and many other Democratic and Republican officials including most of the Democratic presidential candidates. More recently, I have had one-on-one interviews with Vice President Kamala Harris and members of the President's Cabinet, including Secretary of State Antony Blinken, Transportation Secretary Pete Buttigieg, Energy Secretary Jennifer Granholm, Commerce Secretary Gina Raimondo, and Labor Secretary Marty Walsh. In 2008, I was the first TV reporter in the state to interview Barack Obama and had six interviews with him that year, along with John McCain, Hillary Clinton, and Sarah Palin. In 2011, I became the first Pennsylvania television reporter to interview President Obama in the White House, which I did a second time in 2012. I have also interviewed Jill Biden, Michelle Obama, Mitt Romney, Ann Romney, Nancy Pelosi, Paul Ryan, and many other political and business leaders.

Meyer Darragh Buckler Bebenek & Eck

Managing Director & Partner, 1998-2001

In 1998, I was recruited for a senior management position in a 40-attorney, 100-employee, law firm with offices in three Pennsylvania cities. I was charged with responsibility for the external public relations of the firm, overall strategic planning in its relations to clients and the public and representing the firm to others in the legal and business world. Reporting to the executive committee, I sought to redefine the firm to emphasize its expertise; evaluated the skills of attorneys for market growth and formulated ways to promote them and their practice groups; improved client contacts and consolidated practice groups to encourage cross-marketing; enhanced the firm's public visibility using in-house techniques of press stories, articles, website, and public speaking which resulted in more "press hits" in both popular and professional press; created new opportunities for the firm through client development and introductions; and maintained my own governmental relations practice while developing my skills in mediation and conciliation.

JD Strategies & Analysis

Principal, 1994-1998

I was the principal in a consulting business in which I advised companies and associations on how to be more effective with government and the community; worked as a community relations expert on behalf of several large corporations, including a real estate company, an engineering company, and a pharmaceutical company; provided analysis of government relations status and designed strategies to enhance effectiveness.

Eckert Seamans Cherin & Mellott

Partner, 1991-1993

In early 1991, the late Carl Barger (then managing partner of ESCM and later general manager of the Florida Marlins) asked me to join the government relations practice of this 225-attorney firm with offices in Pittsburgh, Washington, Boston, and Fort Lauderdale. Working frequently out of the Washington, Boston, and Pittsburgh offices, I represented clients before federal and state agencies, legislative bodies, and elected officials; co-authored a weekly newsletter mailed to 1500 readers summarizing congressional activities of interest to clients; and co-managed the firm's political activities. I left the firm in late 1993 to run, unsuccessfully, for an open seat in Congress.

U.S. House of Representatives

Chief of Staff to U.S. Rep. Doug Walgren, 1977-1991

President, House Chiefs of Staff (Administrative Assistants) Association, 1985-86

In 1977, I was recruited by a young congressman from the Pittsburgh suburbs to join him in Washington to develop his congressional operations. I managed two offices and served as the congressman's top spokesperson, key legislative strategist on issues affecting the region, and top assistant responsible for all public communications and newsletters from both the member's office and the congressional subcommittees he chaired; served as liaison to all media and political/governmental leaders; developed a familiarity and expertise with issues before the House Energy & Commerce Committee and the House Science, Space & Technology Committee, ranging from health care to telecommunications to technology. In 1985, I became the first Pennsylvanian elected by my House colleagues to serve as president of the non-partisan professional association that represents the 435 congressional chiefs of staff on Capitol Hill.

Reed Smith Shaw & McClay

Associate Attorney, 1974-1977

As an associate attorney in the Litigation Group of one of Pittsburgh's most respected corporate law firms, I engaged in traditional legal research, evidence collection, interviews, drafting of memoranda and briefs, and oral argument before trial and appellate courts.

AFFILIATIONS

Carnegie Mellon University

The H. John Heinz III College of Information Systems & Public Policy

Adjunct Professor of Public Policy & Politics, 1995-2020

Hired on ten days' notice in 1995 as a substitute instructor, I became an adjunct professor of graduate students in CMU's public policy and management program at the Heinz College, teaching courses on Media and Public Policy, Legislative Policymaking, Policy Implementation, Money and Politics, and Campaign Management. I retired from this position in 2020.

Pittsburgh Business Times & Pittsburgh Magazine

Columnist & Writer, 1995-2020

A columnist for the *Pittsburgh Business Times* and a contributing writer to *Pittsburgh Magazine*, I have written over 650 consecutive weekly and monthly columns on politics, government, and bureaucratic red tape for the *PBT* and a number of research and investigative pieces for the region's premier monthly magazine.

WQED-TV (PBS)

Political Analyst, 2000 to 2004

In early 2000, I became the political analyst for WQED-TV's "On Q Magazine," an on-air nightly news magazine for Pittsburgh's PBS station. I appeared on-air to provide analysis of major political developments and governmental news in the region. That relationship ceased when the station opted for a more left-right confrontational approach to analysis, rather than the objective even-handed approach I prefer.

Pennsylvania Parks & Forests Foundation

Executive Director, 2002 to 2003

I served as a part-time executive director to this start-up non-profit foundation created to provide citizen support at each of Pennsylvania's state parks and forests operated by the PA Dept. of Conservation & Natural Resources. I assisted in developing legal documents, promotional materials, and positive community relationships.

REQUESTING APPOINTMENT TO: Short-Term Rental Work Group

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission?
- Why are you interested in this committee/board/commission?
- Are you prepared to commit to the meeting schedule of the committee/board/commission?

I will commit to participating in an honest and transparent way in the meetings. The process will be effective

only if the stakeholders acknowledge our shared love for the island and demonstrate mutual respect for one another.

I am a seasonal resident and STR owner. I want to see myself and other STR owners held accountable for managing our properties in a responsible manner. It is possible to develop a lightweight oversight and communication approach that achieves this. I also support initiatives to reduce the impact of STRs on the island's fragile ecosystem, including promoting use of Wave buses and bicycles and discouraging use of private vehicles.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

I bring extensive experience developing and rolling out processes and systems to address communication needs within international businesses. These included mechanisms for collecting input from a wide variety of constituencies to facilitate setting priorities; disseminating call-to-action communications regarding agreed direction; and tracking individual actions toward fulfilling such direction. I instilled confidence in stakeholders through direct, factual communication and by fulfilling committed objectives ("no surprises"). I believe my skills can help devise rational solutions to some of the most immediate quality-of-life concerns regarding the management of STRs.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.

-- None --

- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket?

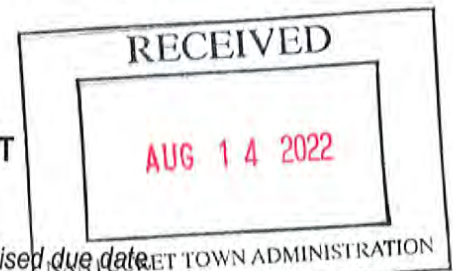

-- No --

REQUESTING APPOINTMENT TO: Non Voting taxpayer or At Large seat on STR committee

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission?
- Why are you interested in this committee/board/commission?
- Are you prepared to commit to the meeting schedule of the committee/board/commission?

When we purchased a Nantucket home 10 years ago, we chose to purchase a house we did not have to rent. We chose Naushop - originally developed as a year round housing neighborhood. At the time, Naushop was split 3 groups (approx 1/3 each) Year Round residents, seasonal residents, and rentals. By the time we left in 2020, it was mostly STR because from an investment standpoint, Naushop was a great value. I understand the desire to make money. However, there is a difference between the new STR owners, who own/they rent to and the "old time" STR who rent to make ends meet, care about the island. The neighborhood we live now (Woodland Hills) is at least 50% STR and the owners built these homes to maximize profit and could care less about the island and all it has to offer. I would love to somehow bring the STR group back to center.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

Married to a Real Estate builder/owner/developer so I understand the issue from both the capital side as well as historical side. We are neither uber-rich or poor, we are fiscally frugal in our personal lives (IMO), but also passionate about the History and uniqueness of the island. I hope to be able to work with other committee members to come up with a reasonable solution that makes the MOST people happy.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members. NONE

- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket? NO

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? No
- Why are you interested in this committee/board/commission?
- Are you prepared to commit to the meeting schedule of the committee/board/commission? Yes

As a 35+ year seasonal resident, I have come to believe that the future of the Island will best be sustained and strengthened by building a community of people who love and serve the island, with affordable housing for those who live and work here. A satisfactory compromise needs to be reached between those who would like unfettered rental abilities and those who would like to restrict rentals in a way that would hamper committed owner/residents from seeking rental income supplements.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? No

I am on the board of the Seasnet Civic Association and am interested in being a part of a peaceful and fair solution to STR's. This issue affects all of us who live, work and love Nantucket. My position would be to represent our association and communicate to the board on our membership.

Relevant Experience

I am a compassionate listener to all sides of the equation. I have the ability to create balance and structure in investigating the problem at hand. There are many sides to this situation, all must be heard, and some will be disappointed at the outcome. I am a "process" person and understand that it will be a long and arduous process but we must go through.

JOHN KITCHENER INTEREST FORM – SHORT TERM RENTAL (STR) WORKGROUP AT LARGE MEMBER**REASONS FOR COMMITTEE INTEREST**

- Developing a workable solution to the Short Term Rental (STR) question is critical for the health of our island infrastructure and our community.
 - Our infrastructure (affordable housing, traffic, sewer, zoning build out capacity, etc.) are all impacted by STR's. We need the data to understand this and ensure it is reflected in our solutions.
 - Our community is extremely polarized by the STR question. Ack Now, Nantucket Together, Town Planning are all passionate and convinced their positions are the correct ones. The public war of words is not helpful. The Workgroup need to develop solutions that our community can support, lay the polarization to rest and move forward.
- I regularly attend NP&EDC meetings and have a high interest in the work they do. Earlier this year I applied for an At Large position on the Committee. Unfortunately I was not selected and will try again next year. In the meantime I believe I can bring value added experience and time to the STR Workgroup.
- I am a year round resident and registered voter. I attend all annual Town Meetings including 2021 and 2022 where STR's were among the most important articles. I firmly believe the Workgroup was the best outcome from this year's meeting. I would like to contribute my time and experience to help make it a success.
- As a member of the Workgroup I would encourage collaboration and compromise as we work through the process. I assure you that I come to the Committee with an open mind. More than anything I would like to play the role of a well informed local resident that wants a compromise solution that will be welcomed by most residents.
- I commit to attending every meeting. AND TO DO THE WORK THAT WILL BE NEEDED BETWEEN MEETINGS.

RELEVANT EXPERIENCE

- For many years I was a Fortune 500 senior executive. In 2008 I founded my own very successful manufacturing company. Leadership, collaboration, compromise, patience, listening, financial analysis and management, data based decision making were all skills I learned and used throughout my career.
- I am a Monomoy Civic Association Board member and Treasurer. Recently I led creation of the 'Land Use' section of our first ever Monomoy Area Plan. The plan is currently with the NP&EDC and should be finalized by late September.
- I am not applying for this At Large position as a Monomoy Civic Association member. I was not associated with Ms. Neely's recent Inquirer & Mirror Workgroup op-ed. I will approach the Workgroup mission with an open mind.
- My approach will be to help all members of the group listen and discuss all sides of this very complex and polarizing subject. We owe all our residents a well thought through compromise that is robust enough to be approved at the 2023 Town meeting.

REQUESTING APPOINTMENT TO: Short Term Rental Workgroup

Reasons for Committee Interest

Have you ever attended a meeting of the committee/board/commission? The workgroup hasn't been formed yet. However, I have attended all meetings, forums, and the like for run-up of the three ATM Articles that were part of ATM 2022. I have also participated in all noticed sessions.

Why are you interested in this committee/board/commission? I'm interested to try to bring a balanced, good faith approach to addressing the subject of STRs, a complex interface of various groups and individuals who are concerned about the effects of STRs on neighborhoods, communities, and the island. My interest includes representing the serious interests of my local community while providing a calm, balanced approach to the interests of other communities which has been proven over the decades by my involvement in island wide issues. As a member of the workgroup, I would be in an informed position to bring relevant information to my neighborhood constituencies and to solicit their input for workgroup consideration..

- **Are you prepared to commit to the meeting schedule of the committee/board/commission?** Yes, fully.

Relevant Experience

- **What experience, skills or insight would you bring to the committee/board/commission?** I'm a retired executive from a 53-year-old family business that specialized in successfully coordinating large not-for-profit project teams consisting of designers, planners, finance team, builders, and project owners to achieve on-time, in budget projects while protecting investors and end users. I'll bring a balanced and fair perspective, based in experiences in working successfully with Town Administration, Town Counsel. I'm experienced in developing environmentally sound citizen Articles to successful conclusion after working to bring the input from affected parties into consideration and navigating the various review committees and boards. I have a proven record of successful compromise, de-conflicting the sometimes-complex self-interests of others, taking other peoples' interests to heart and working as a team. My ability at consensus building is proven, for example, by the successful passage of a number of citizen Articles meant to protect the island's fragile environment while successfully balancing varied financial interests of many parties, including gaining acceptance by off-island corporate management of affected entities.
- **What would you hope to accomplish on the committee/board/commission?** The objective is to present a balanced, open transparent atmosphere during the workgroups engagement. The economic impact of proposed courses and guidelines would need to be clearly explained, which I feel qualified to help the workgroup accomplish. I have time and experience to research what other communities have done and are doing to address SRTs. And apply that research to the workgroups efforts to understand how those efforts might be applied to Nantucket.

Potential Conflicts of Interest

- **Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.** Madaket Conservation Association; Nantucket Single-Use Plastic Workgroup; US Coast Guard Auxiliary Flotilla 11-7 (Nantucket)

REQUESTING APPOINTMENT TO: At-large member of the Short Term Rental Working Group

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? Yes: I've attended many committee meetings - Select Board, HDC, and Planning.
- Why are you interested in this committee/board/commission? See below
- Are you prepared to commit to the meeting schedule of the committee/board/commission? Yes

Nantucket needs to reconcile competing agendas that have stymied the adoption of a thoughtful approach to supporting the interests of short-term rentals/renters and neighborhood communities without pricing the overall housing market so as to be out-of-reach for a growing list of workers who are essential for the island's continued everyday sustenance. The 'market', left alone, will not resolve this issue. It has not to date and positions reflective of such a belief or approach will cause greater troubles to Nantucket's overall quality-of-life across the coming years. Further, such an approach ignores the productive decisions and policies undertaken in other high-end, resort communities. I am not against short-term rentals. I am against bad policy.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission? See below
- What would you hope to accomplish on the committee/board/commission? See below

I had a long and productive business career. I know how to frame, assess and solve problems. Being retired I have the time and motivation to work hard as a member of this group. Being a life-long summer resident and now a homeowner on Nantucket I have further motivation to see the short-term rental issues effectively addressed. In recent years I have viewed all elements of the issues and the players involved. My own thinking evolved and I believe I come to this project with an open mind seeking sound solutions for all players. My objectives would be to help create a policy that could be embraced by the island's population. I do not have my mind made up to support a certain policy and I have no vested interest in any particular position. I want to move forward relying upon collective wisdom, driven by facts, rather than opinions.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.
I know of no such conflicts. I have contributed to ACK Now for a variety of reasons as I have supported a variety of Nantucket organizations. I also note that proposed membership in the STRWG includes members with large interest favoring short-term rentals. ACK Now membership should be a non-issue.
- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket? No

REQUESTING APPOINTMENT TO: SHORT TERM RENTAL WORKING GROUP

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? **NO**
- Why are you interested in this committee/board/commission? **See Below**
- Are you prepared to commit to the meeting schedule of the committee/board/commission? **YES**

The issue of STRs on Nantucket is critically important to the long well-being of this island. It is a complex issue that has many facets and must be considered in a thoughtful and balanced way. I first started visiting ACK in 1976 and bought my home here in 2005. I spend a great deal of time on the island and have a well-founded understanding of the island's needs and challenges. I have had a very successful career as a business executive in the technology sector and bring significant experience in strategic planning, finance, workforce management and other fields. Mostly, I love Nantucket, and want to see it thrive in ways that preserves its unique character.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

As mentioned above, I have a long career successfully running technology companies that faced the forces of relentless change on a daily basis. Through my background in strategic planning, I can help this organization anticipate future obstacles and engineer effective / efficient solutions. I know how to collaborate closely with different stakeholders to achieve beneficial outcomes. My hope is that this committee could look at STRs in the context of the island's overall buildout strategy, so that the amount of STR activity is in harmony with the other dimensions of the island's growth.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members. **None**
- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket? **None at all**

REQUESTING APPOINTMENT TO: Short-term Rental Work Group, At Large Member

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission?
- Why are you interested in this committee/board/commission?
- Are you prepared to commit to the meeting schedule of the committee/board/commission?

I have been a frequent participant during many of the town discussions related to short-term rentals, including FinCom, Planning Board and Select Board. I feel I can help find a middle ground and advance solutions based on data and wishes of various town constituencies. Yes, I can commit to the schedule.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

In February 2020, Following one of the first FinCom discussions on Article 90 I was an early contributor of STR data on island, including what STRs represented as a percent of total tourist housing stock, the number owned by non voting taxpayers, revenue, budget considerations, and other factors. I've also spent much of my career mediating differences between institutions and individuals on complex financial matters. My hope would be to convince various members to reach a middle ground, to move the town forward on rational STR regulation which considers both economic impacts and quality of life considerations

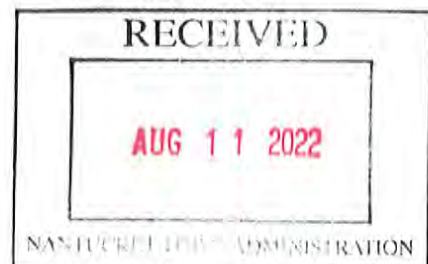

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.

Though not an officer or board member, I am one of the founders of Nantucket Together

REQUESTING APPOINTMENT TO: Short-Term Rental Work Group

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission?
- Why are you interested in this committee/board/commission?
- Are you prepared to commit to the meeting schedule of the committee/board/commission?

I have attended two of the zoom meetings of the group tasked with developing the format of this workgroup and I have also been very close to this issue due to my work. My interest lies solely in my desire to do some good for the island. I see the benefits of both year-round and short-term rentals and also the pitfalls and negative consequences of a lack of regulation. I also see the negative externalities of making housing a for-profit enterprise that only those with resources can participate in. We need to find a balance on both sides of the equation that makes it possible for people to afford to live here. I have the bandwidth to help take this on.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
- What would you hope to accomplish on the committee/board/commission?

I know the island and I know the issues. I've been keeping tabs on these things for decades. Also, I am a proven communicator and problem-solver. I have helped guide Fortune 500 companies to adopt new messaging and business practices. Clients include GE, United Technologies, Aetna, Medtronic, Intuit and Connecticut Public TV and Radio, among many others (I have also aided many of the island's non-profits from time to time. Sustainable Nantucket. White Heron Theatre. The Artists Association. Land Council. Dreamland. Housing Nantucket. Nantucket Community Music Center. And more). I am also something of a data nerd. I would love/enjoy the opportunity to dig into the data and talk to other communities who have faced this issue. I do this kind of thing every week.

Potential Conflicts of Interest

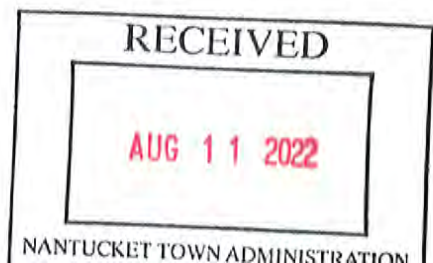

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.

I have no conflicts. I had been a consultant to ACK•Now from 2019 to 2021 but I stopped working with them over 12 months ago because I was uncomfortable with their process and tactics (and the toxic nature of the response by some in the community) but we remain friendly. I am also friendly with a large number of people in the real estate sector. Not on one side or the other.

- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket?

No.

Reasons for Committee Interest

I have attended virtually a number of Town committee and sub-committee meetings related to the vitally important debate around the future and regulation of short-term rentals on Nantucket.

My wife and I live in New York, but we have been coming to Nantucket for more than 20 years – first, as yearly vacationers and for the last four years, as homeowners. Nantucket means a great deal to us and to our children. Our home on the island is truly our second home, and we spend as much time here as we can each year. We usually spend the month of August on island and we come up for weekends, holidays and school breaks during the “off season” whenever we can. We also rent our home to vacationers for a number of weeks a year when we are not able to be here.

We’ve gotten involved as supporters (both financially and with our time) in a number of on-island organizations and non-profits, such as the Nantucket Food Bank, the Community Foundation for Nantucket, Summer Street Church and the American Legion. In particular, we are struck by and have sought to help wherever we can with respect to the great need for housing and support for year-round residents. We are also cognizant of the island’s need to continue to be a welcoming and available place for seasonal and vacation visitors. The tricky issues at play in the conversation about short term rentals are ones we have thought a lot about, and I’d welcome the opportunity to give back to the island my family loves in a very small way by helping to work through these issues and find good and sustainable solutions. If selected to participate, I could commit to attend the working group meetings virtually.

Relevant Experience

My day-to-day job as a commercial restructuring attorney requires me to work each day with large groups of clients and counterparties with disparate and often-competing interests. In this role, I have twenty years of experience in listening well, brainstorming solutions and working to get to consensus on compromises intended to meet multiple and often conflicting goals.

I am also very personally invested in Nantucket and its residents. Over the years, our family has become close with many year-round residents of various ages, backgrounds and financial situations. Through these friendships, I have personally heard about, am sensitive to, and am concerned about the needs and challenges faced by Nantucketers,

including housing, cost of living and also job and profit opportunity concerns. At the same time, I am a part-time resident homeowner who rents his home part time, when not personally using it for the enjoyment of my family. As a member of this group, I hope I could help to collectively understand the complicated issues involved in the mandate of the working group and work to explore good solutions.

Short-Term Rental Work Group

8/19/22

1. Reasons for Interest

- a. Personally, I have not attended any meeting(s) of a Town of Nantucket committee/board/commission.
However, I have represented Nantucket Cottage Hospital in various capacities including as: 1) A summer Emergency physician; 2) A Joint Commission accreditation and Critical Access Hospital consultant; 3) A Medical Staff consultant. I began my involvement with Nantucket Island in the summer of 1980, continued through various NCH positions, and ended with my retirement in 2014, at which time I chose to live full-time on Nantucket Island through to the present day.
- b. My interest in the Short-Term Rental Work Group stems from my enduring commitment and love for Nantucket Island, my understanding of the challenges presented by long-term growth, and my desire to provide solutions so Nantucket Island can sustain itself going forward.
- c. Given the above, I am committed to the necessary work including the required meeting attendance and participation in order for the Short-Term Rental Work Group to be successful.

2. Relevant Experience

- a. Experience, skills, insight: Besides my work for Nantucket Cottage Hospital, my attached resumé will offer the full flavor of whom I am and what I can offer the Short-Term Rental Work Group.
- b. Goals and Accomplishments:
 - i. To equitably define what the phrase short-term rental on Nantucket Island means.
 - ii. To fairly represent the numerous and varied opinions of what denotes a short-term renter
 - iii. To influentially craft the necessary "Short-Term Rental compromise" so we can move forward as a sustainable community.

3. Potential Conflicts of Interest

- a. Membership in ACK-Now
- b. No personal or family member employment or financial consideration provided to or received from the Town of Nantucket.

REQUESTING APPOINTMENT TO: STR WG

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? NO
- Why are you interested in this committee/board/commission? ①
- Are you prepared to commit to the meeting schedule of the committee/board/commission? yes

① This working group is crucial in determining fair, sustainable guidelines for STRs on Nantucket. Having lived year-round on the island for 40 years, having rented our "cottage" both year-round [20 years] and in STR [8 years], I have great interest in finding reasonable guidelines that help our community.

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission? ①
- What would you hope to accomplish on the committee/board/commission? ②

① I have a balanced perspective as someone who has rented out property both year-round and then as STR. Having taught in Nantucket schools for 30 years, coached little league etc, I know our community, many of its families, and its needs.

② I would hope to bring a moderate, smart approach to STRs and its regulation.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members.

None

- Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket?

My wife and I receive pensions as retired teachers. Otherwise, no.

PS We rented our cottage as STR 2013-2021. Starting in 2022 we are reserving it for family.

REQUESTING APPOINTMENT TO: Short-term rental at-large member

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? No, new committee
- Why are you interested in this committee/board/commission? I have lived here year-round for 50 years and before that as a summer kid in summer rental housing with my grand-parents and extended family. I have a unique perspective as I have a foot in both camps, as a year-round resident and with a family summer home in town that my uncle rents for short-term rentals when the extended family and friends are not using the house. It helps to maintain the house providing an income to pay the taxes, insurance and upkeep that otherwise my elderly uncle would not be able to do, while also allowing the family to come to the island to enjoy a place that they have grown up with.
- Are you prepared to commit to the meeting schedule of the committee/board/commission? Yes, whatever the outcome, this issue has to come to some sort of resolution

Relevant Experience

- What experience, skills or insight would you bring to the committee/board/commission?
An experienced perspective, see attached. In addition, I have a deep understanding of the island, the struggles many have keeping their homes here whether as a year-round owner that uses VRBO/Air B&B to keep their homes or families like mine that want to keep their summer homes.
- What would you hope to accomplish on the committee/board/commission?
I hope to bring some perspective, taking into account the realities of unintended consequences from the far right and the far left on this issue without emotions getting in the way. Neither side should be intransigent and that has appeared to be the case so far. A thorough review of what other places have done would be a good idea. I have a great deal of experience with how government works, the Zoning By-law, open meeting law, town meeting process etc. I was recently on the Government Study Committee and that has ended. I find this constant attack at town meeting by both sides to be frustrating and wearing on the community and I want to come to an acceptable resolution that I expect will not please either side entirely.

Potential Conflicts of Interest

- Please list any committees appointed by the Board of Selectmen, local agencies or non-profit organizations of which you or a member of your immediate family are current members.

Patsy Wright

Attachment to application appointment to the STR Work Group

Reasons for Committee interest:

Have you ever attended a meeting of the Committee/Board/Commission?

- Yes. In the past I have attended meetings of the Planning Board, Select Board, HDC, Health Committee and Traffic Safety.

Why are you interested in this Committee/Board/Commission?

- I am interested in the STR Work Group because I was part of the group of voters who supported sensible short-term rentals at Town Meeting. Like everyone else, I was anticipating that voters would have had the opportunity to vote on 42 and 43, but it developed quickly into a hot button issue and never made it to the floor, as we all know.

To succeed, in my opinion, the STR Work Group must function as a vehicle that brings people together from both sides of the "aisle". It is critical that members of this Group reach common ground through compromise, flexibility, and negotiation. I wish to be on the STR Work Group to help accomplish this.

I live next door to a non-resident, investor owned STR in the historic district. The owners do nothing to vet their tenants and rent to anybody with a heartbeat, typically by the weekend or week. There have been many partying related problems with this off-island investor-owned property. This year however, a more serious issue has become their fire pit that blows sparks into our trees when the wind is blowing from the east.

Conversely, the summer resident of the property on the other side of my house, will sometimes rent their house when they are not using it. They are responsible, respectful neighbors and the very essence of a sensible STR owner. I too rent my house for a month every summer to the same small family who have been renting from me for years. This year those tenants had to call the police because of the partying next door.

Are you prepared to commit to the meeting schedule Committee/Board/Commission?

- Yes, I am committed to attend all scheduled meetings of the STR Work Group

Relevant Experience

What experience, skills, or insight would you bring to the Committee/Board/Commission?

- I have proven upper management negotiation skills. I have found that whether hammering out a marketing plan, allocating responsibilities among the project team, reviewing a pile of RFPs, simply ordering lunch in the meeting, it's negotiating.

I have strong ties to the island community. I have lived on Nantucket a long time. I serve on the Vestry at St. Paul's Church in a leadership role, where I also Chair two essential committees. I have worked for several years as a primary volunteer for PASCON (formally Hospice). I held a paid position for three years at the Nantucket Conservation Foundation and I believe their mission statement reflects my philosophy perfectly; "Preserving the Island for Everyone."

While I don't expect the STR Work Group to restore Nantucket to the island of my childhood, I do want to preserve the Island for everyone.

(over)

What would you hope to accomplish on the STR Work Group?

- I believe the Work Group needs to be a diverse and balanced group of individuals that gets to work quickly and encourages opportunities for resident input, and that the outcome is a zoning article in line with the community's vision for the Island. That is what I hope to accomplish. I believe I would be a valuable addition to the Group.

Potential Conflicts of Interest

Please list any committees appointed by the Select Board, local agencies, or non-profit organizations of which you or a member of your immediate family are current members?

- None

Are you, or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket?

- No

COMMITTEE INTEREST FORM/NEW APPLICANT

For Appointment by the Select Board NANTUCKET TOWN ADMINISTRATION

Please return this form to the Town Administration offices by the advertised due date.

Name: Karen L Zagayko **Home Phone:** (804) 840-1657(cell)

Mailing Address: 10201 Acworth Drive, Glen Allen, VA 23060

Alternate phone: N/A

Email Address: kzagayko@gmail.com **Date Submitted:** 8/25/2022

REQUESTING APPOINTMENT TO: The Short Term Rental Work Group

Reasons for Committee Interest

- Have you ever attended a meeting of the committee/board/commission? No
- **Why are you interested in this committee/board/commission?**

My family first came to Nantucket in the early 1940's. My grandparents (Marge and Bill Hance) retired to the island in the 70's, and they were very involved in the civic life of the island from that time on. They served in a variety of positions at Nantucket Cottage Hospital, the Civic League, Conservation Foundation, Nantucket Historical Association, the Land Council and more. They modeled lives of civic involvement and engagement. As a teen, I helped my grandfather with the 1980 census and with a project working to name/rename and renumber roads for safety. Four generations of my family have now spent time every summer on the island, often working summer jobs as chambermaids, at the Museum Shop, Hill's of Nantucket, Bartlett's Farm, etc.

Since the passing of my grandfather, our family has needed to rent our property in order to maintain it. I am interested in being on the STRWG to represent families like mine who pay taxes and support the island in many ways, and who need to rent their properties much like many local resident families do. I would like to be part of the group working to find good solutions that balance the needs of a variety of stakeholders.

- Are you prepared to commit to the meeting schedule of the committee/board/commission? Yes (virtual meetings when not on island)

Relevant Experience

- **What experience, skills or insight would you bring to the committee/board/commission?**

Throughout my life, I have participated in numerous aspects of island life. I worked on island from the time I was a teen through graduate school. Since then, I have spent time on island every summer and my children have now held internships and jobs here. My sister has lived on island for over 15 years, so I have some understanding of the perspectives of year-round residents and businesses as well.

Currently, I am integrally involved in our family's attempts to maintain our property by renting it out. I offer the perspective of a non-resident family that rents in order to defer costs, rather than a large corporation focused on maximizing profit.

In addition to my experiences and love of the island, I have strong skills and training in communication, listening, problem-solving, conflict resolution, negotiation, and empathy due to my background as a psychologist. I have served on and led a variety of committees and groups through my work, at my children's schools, and at my church.

Finally, my family has rented homes for a week at a time in North Carolina for many years, so I have the experience of being a short-term renter as well.

- **What would you hope to accomplish on the committee/board/commission?**

My hope would be to help find balanced solutions that address the potential problems posed by STR's while helping to ensure that those who do rent properties are not saddled with undue burdens that make STR's impossible to sustain. For example, I know that the STR industry may have negative effects on the availability of affordable housing, and there have been concerns about noise and other nuisances, but I also know that it is important to protect resident and non-resident renters who have needed rental income to sustain their properties. I believe that balanced results are possible, and I would like to be part of the solutions.

Potential Conflicts of Interest

- Please list any committees appointed by the Select Board, local agencies or non-profit organizations of which you or a member of your immediate family are current members. N/A
 - Are you or any member of your family employed by, or receive any financial consideration from, the Town of Nantucket? No

Hi Erika,

We spoke yesterday and I am sending additive information which the select committee may find useful on my background. Here also is a short paragraph form you may find helpful:

Jeremy Bloomer, a serial entrepreneur, has provided financial strategy consulting and directorships to early stage biotech initiatives for the last ten years. Prior to his biotech focus from 2006 to 2016 he founded and ran GLS Inc., a \$650 million specialty life insurance company, using innovative Irish and Cayman regulated structures. He was senior portfolio manager for the Airlie Opportunity Fund, a \$1.3 billion credit hedge fund from inception in 2002 until 2008. From 2000 to 2002 he invested through the Ivy Group as a development stage incubator in China. In 1989 he co-founded Credit Research and Trading, a leading distressed research investment bank managing its research and investment banking divisions through 2000.

He was an investment banker at E.F. Hutton from 1984 to 1988 and began his career in 1980 at Chemical Bank. Mr. Bloomer received a BA from the University of Pennsylvania in 1980 and an MBA from the Amos Tuck School of Business Administration at Dartmouth College in 1985. He also serves as Vice Chairman of the Cancer Trust which fosters collaborative team science with major academic research institutions through innovative corporate financing structures.

RE: Town of Nantucket - Sign Advisory Council

DATE: August 17, 2022

You have asked me to analyze the legal status of the HDC Advisory Committees, including the Sign Advisory Council (SAC).

You have informed me that according to the Nantucket Annual Reports, advisory committees have been created at various times in the past. The practice has been that the HDC appoints the members of each of these advisory committees, including the Sign Advisory Council (SAC – 1980), the Design Advisory Committee (DAC – 1972) (now inactive), Siasconset Advisory Committee (SCAC – 1986/87), Madaket Advisory Board (MAB - 2004), Tuckernuck Island Advisory Council (TIAC – 1994) (meetings are infrequent), and the Historic Structures Advisory Board (HSAB - 2004) . The advisory committees typically conduct a pre-review of applications pending before the HDC. You are concerned that over the years the scope of this pre-review has expanded considerably, and often, the advisory committee recommendations go beyond being merely advisory in nature which results in an intrusion on the discretion of the elected HDC and causes confusion for applicants. As an example, you have provided me with a copy of the HDC’s Sign Book, wherein the HDC created the Sign Advisory Council, which is described as “advisory only.”

I have reviewed the Charter and bylaws of the Town, the HDC Special Act, and Chapter 40C of the General Laws and I can find no legal authority for the creation of any advisory committees by the HDC. An elected body cannot delegate authority to non-elected standing committees without specific legislative authority. In fact, Section 3.5 (c) of the Town Charter reserves to the Select Board the authority to appoint advisory committees. It is my opinion, therefore, that the HDC never possessed the legal authority to create the advisory committees or to delegate any of its authority to such a committee. While the HDC may establish one or more subcommittees of its members and to delegate to such a subcommittee certain function including a pre-review of applications, in my opinion the HDC does not have the legal authority to create an advisory committee consisting of individuals who are not elected members of the HDC. In my opinion, the HDC also has the legal authority, as an administrative matter, to request Town staff assigned to support the work of the HDC, and to conduct a pre-review of applications in order to streamline the application and hearing process.

If HDC wants to continue having an SAC, my recommendation would be that the HDC vote to request that the Select Board formally vote to reconstitute the SAC pursuant to its Charter authority, and in doing so, the Select Board should vote on a charge to the SAC that spells out the scope and limits of authority of the SAC. The charge should make it clear, however, that the SAC is only advisory. If the SAC is to be reconstituted, then Chapter 124 of the Code of the Town of Nantucket should be amended to allow for an advisory committee to be appointed by the Select Board under its Charter provisions.

Unlike the SAC, which functions in the context of the Sign Bylaw (Chapter 124 of the Town Code), the subject matter of the other advisory committees do not have specific recognition in town bylaws and their function is indistinguishable from the HDC's review as an elected Commission. Retaining all or any of these, therefore, will require amending the enabling legislation. Until such time as the advisory committees are legally reconstituted, which may or may not occur, they should discontinue any meetings or deliberations.

Please let me know if you have any questions.

Dear Members of the Historic District Commission, Select Board, and Town Administration,

Please accept this letter from the former members of the SAC. It is addressed to the HDC, PLUS Administration, Select Board and Town Manager, and we ask that it be read into the record during the next HDC and Select Board meetings. We look forward to working through this situation, and being able to assist the HDC as we have in the past. We hope that you all look forward to the same.

Please let us know how we can help.

Sincerely,

Chris Young, on behalf of the former SAC members

Nantucket Historic District Commission
Nantucket Select Board
Nantucket PLUS Department Head
Nantucket Town Manager

Members of the Nantucket Historic District Commission, Select Board, and Town Leadership,

This letter is being submitted by the former members of the Sign Advisory Committee, to formally request that the Select Board reconstitute the committee under their authority. The work of our former committee served an important role in the protection of the streetscapes that have made Nantucket a special place for residents, business owners and visitors alike. The town's bylaws allow for sign ordinances to be monitored and enforced by the PLUS Department, via the Historic District Commission. We have diligently served the HDC as an advisory committee to assist in that mission, as a board since 1981, and as individuals for a combined total of over sixty years.

Assuming the legal opinion of town counsel is accurate, then we understand decision to dissolve the committee for procedural reasons. We sincerely appreciate the counsel's recommendation that, assuming the HDC wishes to have the SAC continue its support role, they "vote to request that the Select Board formally vote to reconstitute the SAC pursuant to its Charter authority, and in doing so, the Select Board should vote on a charge to the SAC that spells out the scope and limits of authority of the SAC. The charge should make it clear, however, that the SAC is only advisory."

As members of the former committee, we have always understood that our role is advisory, and have tried to act in that capacity at all times. It is true, that in the course of conversations, members of our committee have expressed their opinions about the appropriateness of an application and have voted against recommending approval to the HDC. In cases where an application has failed to receive the SAC's recommendation for approval, we have consistently advised the applicant that they can attend the HDC meeting and represent their application in front of them. Our role has always been to streamline the process so that applications brought to the board were vetted based on the guidelines, the context of their placement in the streetscape, and the matter of precedent.

In town counsel's opinion letter, he wrote that the review of our status was prompted by a concern "that over the years the scope of this pre-review has expanded considerably, and often, the advisory committee recommendations go beyond being merely advisory in nature which results in an intrusion on the discretion of the elected HDC and causes confusion for applicants." We want to remind the HDC, and town leadership, that we have approached the HDC, Select Board and town staff on many occasions to ask for clarity on our scope of responsibility. We have been given specific guidance and direction about our role in recommending enforcement notices and in reviewing special circumstances, like the faux flower conversation. We have always followed the board's requests, as any advisory board should, and assumed the work that was assigned to us.

We believe that the continuation of sign regulation is critical, and any respite could lead to a significant weakening of the town's ability to maintain the order that has taken decades to establish. The current plan to have PLUS staff review applications and handle enforcement, without additional support from a

committee like the former SAC, is unmanageable. The staff is already burdened with a heavy workload, as we have seen from our years of experience working with them. Applicants, and existing business owners, expect and appreciate that their signs will be reviewed with the same thoroughness that has established their surrounding streetscape. Just like the efforts of every other regulatory committee that works to the benefit of Nantucket, this process requires time and attention. We, the previous members of the SAC, are all committed to continuing our volunteer efforts in that regard.

We urge the Select Board to reconstitute the SAC as soon as possible. We understand that the appointment of members would be an open process, and we welcome the opportunity to be considered for appointment. We commit to act as members of an advisory board, following the guidance and instruction afforded to us.

Respectfully submitted,

Mark Cutone

Andrew;

You have asked me to review chapter 340 of the Town Code, which are regulations of the Historic District Commission to determine whether there is anything in those regulations that would change my opinion regarding the need for the Sign Advisory Council to be established as an advisory committee appointed by the Select Board.

I do not see anything in chapter 340 that changes my opinion. I agree that Chapter 340 is intended to constitute regulations of the HDC, but to the extent that c. 340 purports to establish one or more advisory boards, it is still my opinion that pursuant to the Town Charter, which I have previously cited, only the Select Board is authorized to appoint advisory boards. Neither a bylaw of the Town nor a regulation of a town board may vary the requirements of the Town Charter, which would, in my opinion, prevail over any inconsistent bylaws or regulations. Moreover, when it comes to the distribution of the powers and duties of Town boards, a home rule charter that distributes such powers in a manner than is different than the General Laws is deemed to be consistent with those laws under G.L. c. 43B, §20, which provides in pertinent part as follows:

The provisions of any charter or charter amendment adopted pursuant to the provisions of this chapter shall be deemed consistent with the provisions of any law relating to the structure of city and town government, the creation of local offices, the term of office or mode of selection of local offices, and the distribution of powers, duties, and responsibilities among local offices

It continues to be my opinion, therefore, that pursuant to Section 3.5(c) of the Town Charter, the authority to appoint advisory committees rests with the Select Board. Specifically, the Charter vests in the Select Board the authority:

To establish as may be advisable or needed one or more advisory committees to conduct any inquiry or investigation or to make planning, policy, or other recommendations.

I would also point out that there is nothing in the Town's HDC special legislation that purports to authorize the HDC to appoint any committees, advisory or otherwise. While arguably the HDC may have authority to appoint subcommittee of its members to perform certain duties, the Sign Advisory Council, by its nature, is not a subcommittee of the HDC. Rather, it is a Town Committee consisting of citizens appointed by the HDC. That is a very different committee structure than a subcommittee of members of the HDC itself.

I do not think that there is any doubt that the Sign Advisory Council was intended to be an advisory committee that was tasked with making recommendations on planning and other matters. Accordingly, as I have indicated from the outset of this subject, there is nothing that would preclude the Select Board from establishing a sign advisory council to provide planning recommendation to the HDC. This could include recommendations on specific sign applications filed with the HDC pursuant to Chapter 340, or section 124 of the Town bylaws. In order, however, to insure that any sign advisory council remains advisory I would recommend that chapters 124 and 340 be amended to make it clear that while sign applications may be referred to the Sign Advisory Council, the purpose of the referral is to provide any opportunity for the council to make recommendations to the HDC only, and I would further recommend that it be made clear that the ultimate authority to approve a sign application rests with the HDC. In order to give effect to the "advisory" nature of the Sign Advisory Council, the local legislation should include a deadline for the receipt of recommendations from the council after which the HDC must act with or without a recommendation. The same safeguards should be in place for any other advisory boards that the select Board establishes to advise the HDC.

RE: **Select Board possible options for discussion (9-7-2022)**

Below I have outlined some possible, but not all, options to assist the Board in your consideration of the HDC Advisory Committees.

Option 1: Reappoint all advisory committees. Sign Advisory Council (SAC), Historic Structures Advisory Board (HSAB), 3 neighborhoods (Siasconset, Madaket, Tuckernuck).

Option 2: Reappoint SAC, HSAB, Tuckernuck. Rely on neighborhood groups to organize and submit advisory opinions. Keep Tuckernuck because of geographic limitations.

Option 3: Reappoint SAC and HSAB. Rely on all neighborhood groups to organize and submit advisory opinions. Note: Other neighborhood groups may want to review projects in their respective areas.

Option 4: Reappoint SAC only. Task Historical Commission with review of historic structures (some membership overlaps with HSAB) and/or rely on various existing private historical organizations, neighborhood groups to provide advice on relevant applications.

Options 1-4 should include staggered terms and defined scope of service in accordance with SB policies.

Option 5: Do not reappoint any advisory committees. Task sign review to staff and/or “employ” one or more former SAC members as staff to develop technical reports to HDC.

Future Actions:

Update Chapter 124 of the Code of Nantucket: Potential Warrant Article(s) for the 2023 ATM.
Amend HDC enabling legislation (HR petition) to allow it to appoint advisory committee(s)?

Re: Options re Advisory Boards

The three of us met and discussed the options presented regarding the Advisory Boards. We all agree that Option #4 to Reappoint SAC (Sign Advisory Council) and task the Historical Commission with the review of historic structures and rely on various existing private historical organizations, neighborhood groups to provide advice on relevant applications. While this does change the order and review process the public has grown accustomed to, we hope it will empower other neighborhoods to meet and form a collective voice for their respective areas of Nantucket.
