Nantucket Francis St. Beach Improvement Project

Virtual Open House – Online Survey for Spanish Speakers

Thank you for your participation in our online survey for the Francis St. Beach Improvement Project! We appreciate your time and feedback as we develop this important resilience project, which aims to reduce flood risk to Washington Street while improving Francis Street Beach.

1. **Are you familiar with the coastal resilience plan and other resilience efforts in Nantucket?**
 - Yes
 - No
 - A little
 - I'd like to know more!
2. **Please select three priority goals for this space:**
 - Improve the capacity of natural ecosystems to adapt to sea level rise
 - Absorb, buffer, and manage water
 - Reduce flood risk to cultural and community assets
 - Create public, universally accessible waterfront experiences for people
 - Engage in dialogue with community members about climate risks and adaptation pathways
 - Reduce flood risk to sustain the long-term use of Washington Street
 - Enhance multi-modal transportation infrastructure, critical to mobility and safety
 - Develop feasible, adaptable, maintainable, and permittable solutions
 - Clearly communicate economic benefits and anticipated project costs
3. **Are there priorities that you would add? (Open ended question)**

We have developed two alternatives that investigate different opportunities for the site. Please provide feedback on the following.

4. **What do you like about Alternative 1 – Dune Swoop?**
5. **What would you change about Alternative 1 – Dune Swoop?**

[Image B : Alternative 2 – Beach Overlook & simple bulleted description]

6. **What do you like about Alternative 2 – Beach Overlook?**
7. **What would you change about Alternative 2 – Beach Overlook?**

[Image C: Alternative 1 & Alternative 2 Side-by-side comparison]

8. **Which alternative do you think is better for Nantucket?**

Thank you for your time and feedback!
