Strawman Proposal for Discussion

PUBLIC ACCESS AND TRANSPORTATION PLANNING ADVISORY COMMITTEE, PATPAC

Membership.

Nine “At Large”

Ex Officio, without vote:

Transportation Program Manager

NPEDC Liaison

Real Estate Specialist

Director, Department of Public Works

Vision.

The vision of the Public Access and Transportation Advisory Committee is to help the Town to preserve access to Nantucket's public and private lands, including our harbors, coastline, intertidal lands, ponds, moors, conservation lands, and historical sites. Access is one of the greatest gifts the Town of Nantucket can protect for our current and future citizens.

Equally important is to provide advice on how best to adapt the Town’s road network to the increasing demands of traffic while protecting the historic nature of the Town’s ways.

Mission.

The mission of the Public Access and Transportation Advisory Committee is to review any issues concerning the status of access over public and private roads, rights of way, abutters ways, proprietors’ roads, footpaths, intertidal lands, and any other ways throughout Nantucket Town and County and to make recommendations to the Board of Selectmen / County Commissioners to ensure and improve public access over them. It will serve, also, to provide advice to the Town’s planners on accommodating vehicular traffic and mobility-device traffic – bicycles, scooters, skateboards, etc., both human and electric-powered -- as well as protecting pedestrian use of Nantucket’s roads and ways.
