- The building is identified as a contributing historic resource within the Nantucket Historic District, which is listed in the Massachusetts State Register of Historic Places; and,
- The building is identified as a contributing historic resource in the Nantucket Island Architectural and Cultural Resources Survey (March 1989 Inventory #NAN.217.)
-

Based on this evidence, the HDC finds that 4R Jefferson Ave (formerly known as 70 Jefferson Ave) (c.1923 outbuilding to cottage) is a historic building under R105.3.1.1 of Massachusetts Building Code, as it has been designated as historic under national, state, and local historic preservation programs that are approved by the U.S. Department of the Interior. Furthermore, while this garage will be renovated into a cottage, following the HDC's Resilient Nantucket Design Guidelines, this building will continue to be a historic building after the proposed work is completed.

Please let me know if you have any questions.
Sincerely,

Holly E. Backus,
Preservation Planner
Local CLG Coordinator

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

You have been identified either as an abutter to the above property or as an interested party and are being notified in accordance with the Town Bylaw. Please contact the HDC office to verify the date.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Please contact the HDC office to verify the date.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

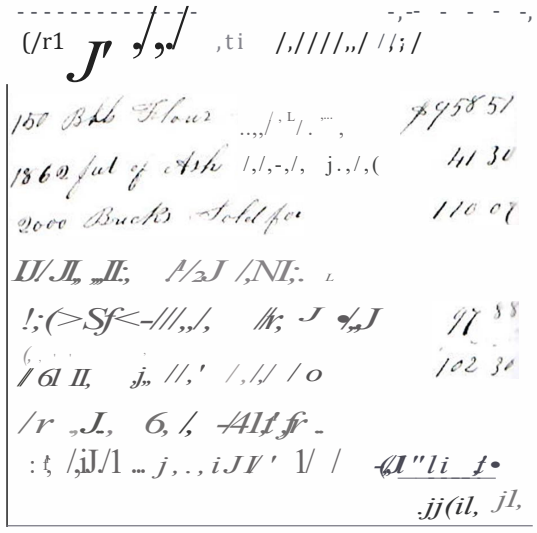
25 India Street: built circa 1794 for Mary Norris of Pennsylvania

25 India, /886



In 1794 house-carpenter John Jenkins exercised a power of attorney for Mary Norris of Chester, Pennsylvania, when he purchased this land for her in 1794, and when he sold the land and buildings to Daniel Comn in 1810, he had a power of attorney from Charles Norris of Norriton, Pennsylvania. It does not appear that either Mary or Charles Norris ever lived on Nantucket, and their relationship to Jenkins is unclear.

Edwin Coffin, who owned 25 India from 1831 to 1838. was captain of the Mount Vernon *from 1832 to 1835*

It is known that John and his brother Perez built 23 India Street around the year 1795, and it seems certain that they built 25 India Street as well. Only a few of the houses built by the Jenkins brothers have been identified, so it is possible that they built other houses on India Street around the turn of the nineteenth century. The occupants of the house before 1810 are not known, but the first local owner of the property, Daniel Colfin, was a yeoman, married in 1784 to Huldah Bunker, with four children ranging in age from twelve to twenty-one.

The names associated with the house for most of the nineteenth century were Rebecca Jones Coffin Nickerson, widow of John G. Coffin, and her husband, Joseph H. Nickerson, a trader, shipowner, and captain, whose account books in the collection of the Nantucket Historical Association Research Library reveal a lucrative business in staples ranging from apples to shingles, including such luxury items as cigars, wine, and tobacco. The Greek Revival portico and pilasters on the sides of the south-facing facade were probably added by the Nickersons, whose family owned the house for eighty years, from 1838 until 1918, when Rebecca's daughter, Kezia J. Coffin, sold it to Sarah Elizabeth Thomas and Mary Louise Standish.

Nantucket, Massachusetts 02554
Telephone: 508.325.7587 Fax: 508.228.7298

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 33 Cliff Road

Tax Map Number: 42.4.4 Parcel Number: 5

Owner of Record: 33 Cliff Road LLC

Description of Proposal: New Guest House

Anticipated HDC Submission Date: February 10, 2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (http://mhc-macris.net/macrisdisclaimer.htm)

Data available via the MACRIS web interface, and associated scanned files are for information purposes only. IF YOU ARE REPRESENTING A DEVELOPER AND/OR A PROPOSED PROJECT THAT WILL REQUIRE A PERMIT, LICENSE OR FUNDING FROM ANY STATE OR FEDERAL AGENCY YOU MUST SUBMIT A PROJECT NOTIFICATION FORM TO MHC FOR MHC'S REVIEW AND COMMENT. You can obtain a copy of a PNF through the MHC web site (www.sec.state.ma.us/mhc) under the subject heading "MHC Forms."

Dear Nantucket Building Commissioner,

At its June 20, 2023, meeting, the Nantucket Historic District Commission (HDC) approved a request for historic determination for the building (c.1915-1923 Reba Patterson Cooper & James M. Brown, Sr. House) located at 63 Hulbert Ave, Nantucket, Massachusetts.

The HDC considered the following relevant evidence and information:

- October 1923 Sanborn Insurance Map;
- Photographs of existing conditions;
- As-built conditions vs. proposed;
- Draft FORM B – Building Survey; PAL, June 2023;
- The building is identified as a contributing historic resource within the National Historic Landmark designation for the Nantucket Historic District, which is listed in the National Register of Historic Places;
- The building is identified as a contributing historic resource within the Nantucket Historic District, which is listed in the Massachusetts State Register of Historic Places; and,
- The building is identified as a contributing historic resource in the Nantucket Island Architectural and Cultural Resources Survey (March 1989 Inventory #NAN.138.)

Based on this evidence, the HDC finds that 63 Hulbert Avenue (c.1915-1923 Reba Patterson Cooper & James M. Brown, Sr. House) is a historic building under R105.3.1.1 of Massachusetts Building Code, as it has been designated as historic under national, state, and local historic preservation programs that are approved by the U.S. Department of the Interior. Furthermore, this building will continue to be a historic building after the proposed work is completed.

Please let me know if you have any questions.
Sincerely,

Holly E Backus

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (http://mhc-macris.net/macrisdisclaimer.htm)

Property Owner: 63 Hulbert LLC

Dear Nantucket Building Commissioner,

At its June 20, 2023, meeting, the Nantucket Historic District Commission (HDC) approved a request for historic determination for the building (c.1915-1923 Reba Patterson Cooper & James M. Brown, Sr. Guest House) located at 63 Hulbert Ave, Nantucket, Massachusetts.

The HDC considered the following relevant evidence and information:

- October 1923 Sanborn Insurance Map;
- Photographs of existing conditions;
- As-built conditions vs. proposed;
- Draft FORM B – Building Survey; PAL, June 2023;
- The building is identified as a contributing historic resource within the National Historic Landmark designation for the Nantucket Historic District, which is listed in the National Register of Historic Places;
- The building is identified as a contributing historic resource within the Nantucket Historic District, which is listed in the Massachusetts State Register of Historic Places; and,
- The building is identified as a contributing historic resource in the Nantucket Island Architectural and Cultural Resources Survey (March 1989 Inventory #NAN.139.)

Based on this evidence, the HDC finds that 63 Hulbert Avenue (c.1915-1923 Reba Patterson Cooper & James M. Brown, Sr. Guest House) is a historic building under R105.3.1.1 of Massachusetts Building Code, as it has been designated as historic under national, state, and local historic preservation programs that are approved by the U.S. Department of the Interior. Furthermore, this building will continue to be a historic building after the proposed work is completed.

Please let me know if you have any questions.
Sincerely,

Holly E. Backus,
Preservation Planner
Local CLG Coordinator

REF: HDC2023-06-8663, HDC2023-06-8661

Massachusetts State Building Code – Section R105.3.1.1

For the purpose of this determination, a **substantial improvement** shall mean any repair, reconstruction, rehabilitation, addition or improvement of a building or structure, the cost of which equals or exceeds 50% of the market value of the building or structure before the improvement or repair is started. Where the building or structure has sustained substantial damage, repairs necessary to restore the building or structure to its pre-damaged condition shall be considered substantial improvements regardless of the actual repair work performed.

The term shall not include either of the following:

1. Improvements to a building or structure that are required to correct existing health, sanitary or safety code violations identified by the building official and that are the minimum necessary to ensure safe living conditions.
2. **Any alteration of a historic building or structure, provided that the alteration will not preclude the continued designation as a historic building or structure.**

Historic buildings:

Any building or structure that is one or more of the following:

2.1. Listed or preliminarily determined to be eligible for listing in the National Register of Historic Places.

(This includes historic structures that are determined to be eligible for listing by the Secretary of the Interior. A "Determination of Eligibility" (DOE) is a decision by the Department of the Interior that a district, site, building, structure, or object meets the National Register criteria for evaluation, although the property is not formally listed in the National Register.)

2.2. Determined by the Secretary of the U.S. Department of the Interior as contributing to the historical significance of a registered historic district, or a district preliminarily determined to qualify as an historic district.

(If a structure is certified or preliminary determined as contributing to a National Register Historic District by the National Park Service, it meets this definition (and the district is included on the State Register of Historic Places. Contributing structures can be found on the District Data Sheet within a National Register Historic District Nomination Form. The District Data Sheet lists every property within the boundaries of the National Register District and notes whether they are a "contributing" resource ("c") or a "non-contributing" resource ("nc.") Nantucket's Data Sheet and Updated Nomination Form can be found on the Town's website.)

2.3. Designated as historic under a state or local historic preservation program that is approved by the U.S. Department of the Interior.

(By an approved state program as determined by the Secretary of the Interior or directly by the Secretary of the Interior in states without approved programs. Nantucket's Special Act of 1955 created the Nantucket Historic District. Any structure requesting this exemption should submit a "Historic Determination" COA to the Nantucket HDC for determination. The Town of Nantucket was accepted and certified into the National Park Service's "Certified Local Government" (CLG) Program on March 19, 2021.)

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (http://mhc-macris.net/macrisdisclaimer.htm)

Data available via the MACRIS web interface, and associated scanned files are for information purposes only. THE ACT OF CHECKING THIS DATABASE AND ASSOCIATED SCANNED FILES DOES NOT SUBSTITUTE FOR COMPLIANCE WITH APPLICABLE LOCAL, STATE OR FEDERAL LAWS AND REGULATIONS. IF YOU ARE REPRESENTING A DEVELOPER AND/OR A PROPOSED PROJECT THAT WILL REQUIRE A PERMIT, LICENSE OR FUNDING FROM ANY STATE OR FEDERAL AGENCY YOU MUST SUBMIT A PROJECT NOTIFICATION FORM TO MHC FOR MHC'S REVIEW AND COMMENT. You can obtain a copy of a PNF through the MHC web site (www.sec.state.ma.us/mhc) under the subject heading "MHC Forms."

Property Owner: 63 Hulbert LLC

Dear Nantucket Building Commissioner,

At its June 20, 2023, meeting, the Nantucket Historic District Commission (HDC) approved a request for historic determination for the building (c.1915-1923 Reba Patterson Cooper & James M. Brown, Sr. Guest House/Garage) located at 63 Hulbert Ave, Nantucket, Massachusetts.

The HDC considered the following relevant evidence and information:

- October 1923 Sanborn Insurance Map;
- Photographs of existing conditions;
- As-built conditions vs. proposed;
- Draft FORM B – Building Survey; PAL, June 2023;
- The building is identified as a contributing historic resource within the National Historic Landmark designation for the Nantucket Historic District, which is listed in the National Register of Historic Places;
- The building is identified as a contributing historic resource within the Nantucket Historic District, which is listed in the Massachusetts State Register of Historic Places; and,
- The building is identified as a contributing historic resource in the Nantucket Island Architectural and Cultural Resources Survey (March 1989 Inventory #NAN.140.)

Based on this evidence, the HDC finds that 63 Hulbert Avenue (c.1915-1923 Reba Patterson Cooper & James M. Brown, Sr. Guest House/Garage) is a historic building under R105.3.1.1 of Massachusetts Building Code, as it has been designated as historic under national, state, and local historic preservation programs that are approved by the U.S. Department of the Interior. Furthermore, this building will continue to be a historic building after the proposed work is completed.

Please let me know if you have any questions.
Sincerely,

Holly E. Backus,
Preservation Planner
Local CLG Coordinator

REF: HDC2023-06-8665; HDC2023-06-8659

Massachusetts State Building Code – Section R105.3.1.1

For the purpose of this determination, a **substantial improvement** shall mean any repair, reconstruction, rehabilitation, addition or improvement of a building or structure, the cost of which equals or exceeds 50% of the market value of the building or structure before the improvement or repair is started. Where the building or structure has sustained substantial damage, repairs necessary to restore the building or structure to its pre-damaged condition shall be considered substantial improvements regardless of the actual repair work performed.

The term shall not include either of the following:

1. Improvements to a building or structure that are required to correct existing health, sanitary or safety code violations identified by the building official and that are the minimum necessary to ensure safe living conditions.
2. **Any alteration of a historic building or structure, provided that the alteration will not preclude the continued designation as a historic building or structure.**

Historic buildings:

Any building or structure that is one or more of the following:

2.1. Listed or preliminarily determined to be eligible for listing in the National Register of Historic Places.

(This includes historic structures that are determined to be eligible for listing by the Secretary of the Interior. A "Determination of Eligibility" (DOE) is a decision by the Department of the Interior that a district, site, building, structure, or object meets the National Register criteria for evaluation, although the property is not formally listed in the National Register.)

2.2. Determined by the Secretary of the U.S. Department of the Interior as contributing to the historical significance of a registered historic district, or a district preliminarily determined to qualify as an historic district.

(If a structure is certified or preliminary determined as contributing to a National Register Historic District by the National Park Service, it meets this definition (and the district is included on the State Register of Historic Places. Contributing structures can be found on the District Data Sheet within a National Register Historic District Nomination Form. The District Data Sheet lists every property within the boundaries of the National Register District and notes whether they are a "contributing" resource ("c") or a "non-contributing" resource ("nc.") Nantucket's Data Sheet and Updated Nomination Form can be found on the Town's website.)

2.3. Designated as historic under a state or local historic preservation program that is approved by the U.S. Department of the Interior.

(By an approved state program as determined by the Secretary of the Interior or directly by the Secretary of the Interior in states without approved programs. Nantucket's Special Act of 1955 created the Nantucket Historic District. Any structure requesting this exemption should submit a "Historic Determination" COA to the Nantucket HDC for determination. The Town of Nantucket was accepted and certified into the National Park Service's "Certified Local Government" (CLG) Program on March 19, 2021.)

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (http://mhc-macris.net/macrisdisclaimer.htm)

- Suggested a solution of buffering the wooden fence with greenery or shrubs every six or eight feet.

Board discussion ensued during which they:

- Discussed notching the fence to create a horizontal section.
- Mentioned that only part of the driveway area has been cleared, not the entire area behind the house.
- Mentioned if the fence would move to the right, it may avoid potential adverse possession claims.
- The option of planting on both sides using the same vine is discussed.
- The 4 in 1 fence is in the front and is lower, while the 5 in 1 is in the back and is staying.

Motion: **Motion to approve with the following conditions: circle the condition on the COA and write in plant a vining plant every other section. The conditions should be applied to both sides of the project so that they are visible from both sides (Welch)**

- Uncertain if the original windows had been replaced with plastic tracks or if the sashes were indeed original or new replacements.
- Suggested that the decision might need to be deferred to the staff's opinion on whether these were original windows or replacements.
- If they were replacements, they were okay with replacing them.

Concerns: **Holly Backus**

- Provided a brief overview of the history of the home.
- Visited the site and believed that at least the windows along the façade appeared to be original.
- Also noted that the structure's fenestration consisted of 9 over 9 and 12 over 12 wood sash windows.

Board discussion ensued during which they:

- Mentioned the potential added value if the Boston Sash windows are all wood.
- Preference for looking at insulated glass on the double hung windows rather than triple track storm windows.
- Stated their support for refurbishing the diamond-shaped windows.

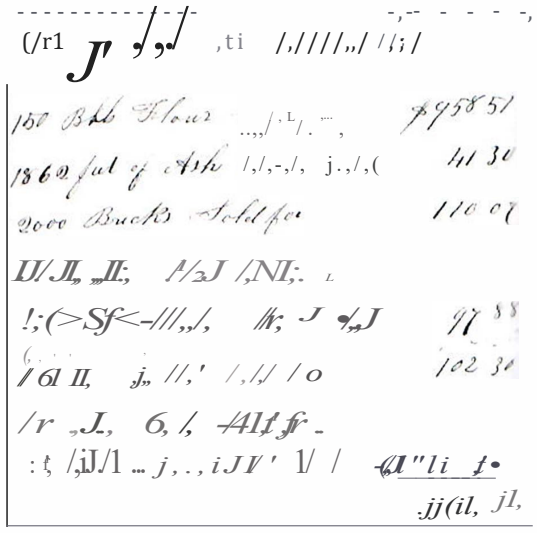
25 India Street: built circa 1794 for Mary Norris of Pennsylvania

25 India, /886



In 1794 house-carpenter John Jenkins exercised a power of attorney for Mary Norris of Chester, Pennsylvania, when he purchased this land for her in 1794, and when he sold the land and buildings to Daniel Comn in 1810, he had a power of attorney from Charles Norris of Norriton, Pennsylvania. It does not appear that either Mary or Charles Norris ever lived on Nantucket, and their relationship to Jenkins is unclear.

Edwin Coffin, who owned 25 India from 1831 to 1838. was captain of the Mount Vernon *from 1832 to 1835*

It is known that John and his brother Perez built 23 India Street around the year 1795, and it seems certain that they built 25 India Street as well. Only a few of the houses built by the Jenkins brothers have been identified, so it is possible that they built other houses on India Street around the turn of the nineteenth century. The occupants of the house before 1810 are not known, but the first local owner of the property, Daniel Colfin, was a yeoman, married in 1784 to Huldah Bunker, with four children ranging in age from twelve to twenty-one.

The names associated with the house for most of the nineteenth century were Rebecca Jones Coffin Nickerson, widow of John G. Coffin, and her husband, Joseph H. Nickerson, a trader, shipowner, and captain, whose account books in the collection of the Nantucket Historical Association Research Library reveal a lucrative business in staples ranging from apples to shingles, including such luxury items as cigars, wine, and tobacco. The Greek Revival portico and pilasters on the sides of the south-facing facade were probably added by the Nickersons, whose family owned the house for eighty years, from 1838 until 1918, when Rebecca's daughter, Kezia J. Coffin, sold it to Sarah Elizabeth Thomas and Mary Louise Standish.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 19 Waitt Drive, Nantucket MA 02554

Tax Map Number: 67 Parcel Number: 925, 926, 927

Owner of Record: Town of Nantucket

Description of Proposal:

Construction of a two story, 20 room seasonal workforce housing building for use by local town agencies to support increased staffing in the summer months.

Anticipated HDC Submission Date: 2/18/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

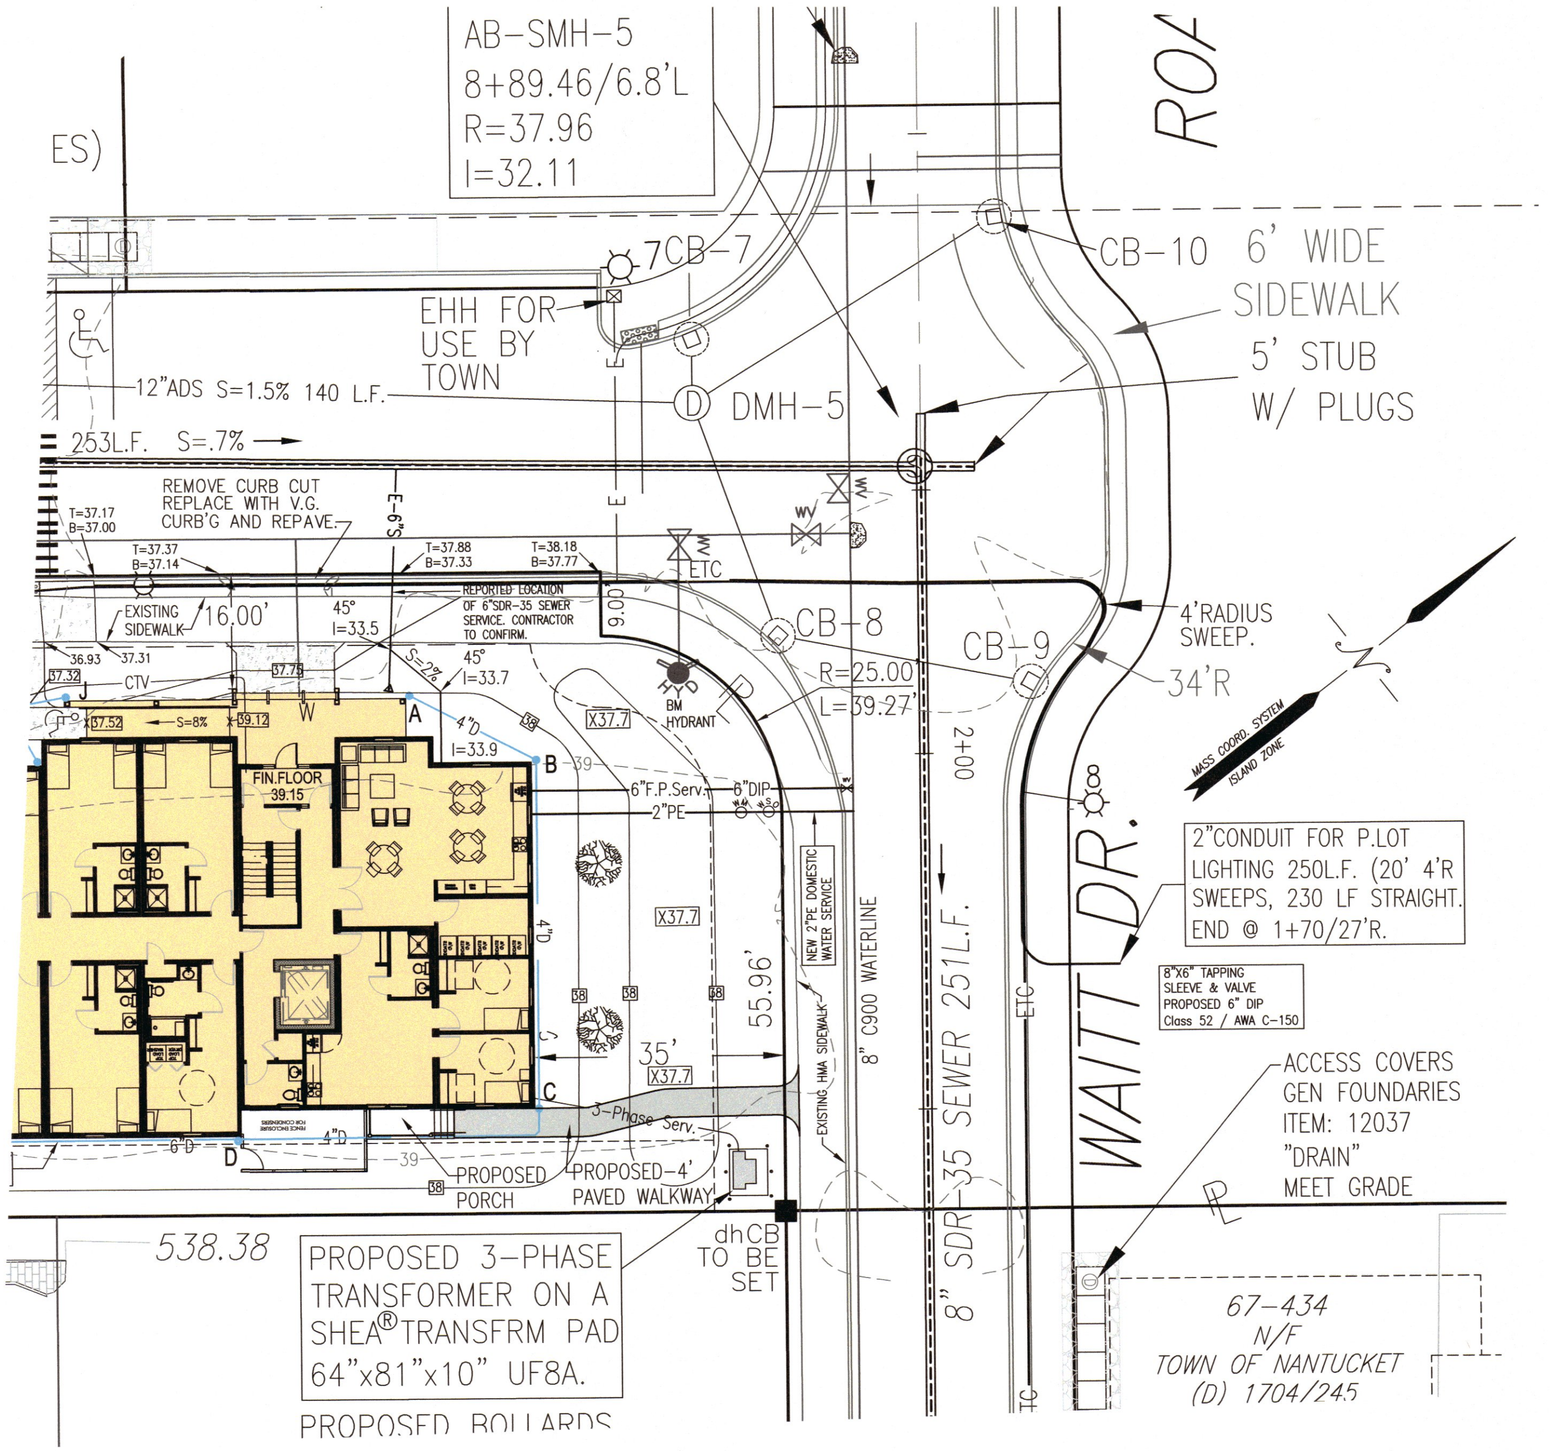
If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:



Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

ON JULY 15, 1908, THE OBSERVATORY ON VESTAL STREET WAS DEDICATED IN HONOR OF MARIA MITCHELL, AMERICA'S FIRST WOMAN ASTRONOMER, A MEMBER OF THE AMERICAN ACADEMY OF ARTS AND SCIENCES, AND A DISTINGUISHED EDUCATOR. MISS MITCHELL WAS A PIONEER AMONG AMERICA'S WOMEN SCIENTISTS.

THE OBSERVATORY, BUILT BY THE NANTUCKET MARIA MITCHELL ASSOCIATION (ESTABLISHED IN 1902), STIMULATED LOCAL INTEREST IN SCIENCE. THE SUCCESS OF THE OBSERVATORY'S PROGRAMS PROMPTED THE CONSTRUCTION OF AN ASTRONOMICAL STUDY IN 1922, JOINING THE EXISTING FACILITY WITH THE MARIA MITCHELL BIRTHPLACE. SINCE THEN, THE OBSERVATORY HAS REQUIRED SEVERAL MAINTENANCE RELATED MODIFICATIONS, BUT CONTINUES TO FUNCTION IN AN EDUCATIONAL AND RESEARCH ROLE.

Request for Certificate of Appropriateness
Nantucket Public Schools – 24 Surfside Road Modular Office Building Project

Dear Chairman Welch and the Nantucket Historic District Commission,

On behalf of the Nantucket Public Schools (NPS), SMRT Architects & Engineers is pleased to submit all required documentation for a requested Certificate of Appropriateness for the NPS 24 Surfside Road Modular Office Building Project, located at 24 Surfside Rd, Nantucket, MA.

This project is considered 'Phase 10' of the Campus Wide Master Plan that has been strategically implemented over the last eleven years. The project comprises renovations to the 24 Surfside Road property, including the construction of a modular office building for staff and administration personnel. Minor site improvements include new gravel parking areas, concrete walkways, entry deck and ramp, and a concrete paver gathering space.

The existing house will not be disturbed as it is currently being used as faculty tenant housing. The existing garage will be demolished as it is structurally not safe and has been deemed to be unable to be relocated. NPS has an existing COA for the demolition of the garage.

We look forward to working with the Historic District Commission on this important project for the Town of Nantucket Public Schools. Please contact me directly with any questions or comments.

Sincerely,

John McMeeking, RLA, ASLA

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 24 Surfside Road, Nantucket, MA 02554

Tax Map Number: 55 Parcel Number: 243

Owner of Record: Nantucket Public Schools | Town of Nantucket

Description of Proposal: The Nantucket Public Schools is proposing to construct a new modular two-story office building at 24 Surfside Road to provide much needed space for administration staff and personnel. The new building is proposed to be constructed in the southeast corner of the property (close to where the existing garage is located). In addition to the new building, the project proposes to install a new gravel parking area, walkways, and a small patio space.

Anticipated HDC Submission Date: February 18, 2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Request for Certificate of Appropriateness
Nantucket Public Schools – 24 Surfside Road Modular Office Building Project

Dear Chairman Welch and the Nantucket Historic District Commission,

On behalf of the Nantucket Public Schools (NPS), SMRT Architects & Engineers is pleased to submit all required documentation for a requested Certificate of Appropriateness for the NPS 24 Surfside Road Modular Office Building Project, located at 24 Surfside Rd, Nantucket, MA.

This project is considered 'Phase 10' of the Campus Wide Master Plan that has been strategically implemented over the last eleven years. The project comprises renovations to the 24 Surfside Road property, including the construction of a modular office building for staff and administration personnel. Minor site improvements include new gravel parking areas, concrete walkways, entry deck and ramp, and a concrete paver gathering space.

The existing house will not be disturbed as it is currently being used as faculty tenant housing. The existing garage will be demolished as it is structurally not safe and has been deemed to be unable to be relocated. NPS has an existing COA for the demolition of the garage.

We look forward to working with the Historic District Commission on this important project for the Town of Nantucket Public Schools. Please contact me directly with any questions or comments.

Sincerely,

John McMeeking, RLA, ASLA
Landscape Architect

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 24 Surfside Road, Nantucket, MA 02554

Tax Map Number: 55 Parcel Number: 243

Owner of Record: Nantucket Public Schools | Town of Nantucket

Description of Proposal: The Nantucket Public Schools is proposing to construct a new modular two-story office building at 24 Surfside Road to provide much needed space for administration staff and personnel. The new building is proposed to be constructed in the southeast corner of the property (close to where the existing garage is located). In addition to the new building, the project proposes to install a new gravel parking area, walkways, and a small patio space.

Anticipated HDC Submission Date: February 18, 2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Waydale Rd

Tax Map Number: 55 Parcel Number: 85

Owner of Record: Waydale LLC

Description of Proposal: 3 Waydale Rd is to be subdivided into two equal lots. The new lot created is now to be known as 5 Waydale Rd. The proposed structure for this new parcel is a 1-3/4 story structure with a footprint of 1,875 square feet. The structure has a tallest ridge height of 26'-6".

Anticipated HDC Submission Date: 02/24/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 3 Waydale Rd

Tax Map Number: 55 Parcel Number: 85

Owner of Record: Waydale LLC

Description of Proposal: 3 Waydale Rd is to be subdivided into two equal lots.

The proposed structure for the remaining parcel of 3 Waydale Rd is a 1-3/4 story structure

with a footprint of 1,875 square feet. The structure has a tallest ridge height of 26'-6".

Anticipated HDC Submission Date: 02/24/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Huckleberry Ln

Tax Map Number: 32 Parcel Number: 61

Owner of Record: Sunshine Daydream LLC, C/O FIRST AMERICAN R/E TAX SERVICE

Description of Proposal: Minor modifications to existing main house including new windows, new doors, dormer modifications and small addition. Demolish garage, build new garage. Demolish shed, build new shed. New spa. Landscaping and hardscaping.

Anticipated HDC Submission Date: 02/21/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Huckleberry Ln

Tax Map Number: 32 Parcel Number: 61

Owner of Record: Sunshine Daydream LLC, C/O FIRST AMERICAN R/E TAX SERVICE

Description of Proposal: Minor modifications to existing main house including new windows, new doors, dormer modifications and small addition. Demolish garage, build new garage. Demolish shed, build new shed. New spa. Landscaping and hardscaping.

Anticipated HDC Submission Date: 02/21/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Huckleberry Ln

Tax Map Number: 32 Parcel Number: 61

Owner of Record: Sunshine Daydream LLC, C/O FIRST AMERICAN R/E TAX SERVICE

Description of Proposal: Minor modifications to existing main house including new windows, new doors, dormer modifications and small addition. Demolish garage, build new garage. Demolish shed, build new shed. New spa. Landscaping and hardscaping.

Anticipated HDC Submission Date: 02/21/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Huckleberry Ln

Tax Map Number: 32 Parcel Number: 61

Owner of Record: Sunshine Daydream LLC, C/O FIRST AMERICAN R/E TAX SERVICE

Description of Proposal: Minor modifications to existing main house including new windows, new doors, dormer modifications and small addition. Demolish garage, build new garage. Demolish shed, build new shed. New spa. Landscaping and hardscaping.

Anticipated HDC Submission Date: 02/21/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Huckleberry Ln

Tax Map Number: 32 Parcel Number: 61

Owner of Record: Sunshine Daydream LLC, C/O FIRST AMERICAN R/E TAX SERVICE

Description of Proposal: Minor modifications to existing main house including new windows, new doors, dormer modifications and small addition. Demolish garage, build new garage. Demolish shed, build new shed. New spa. Landscaping and hardscaping.

Anticipated HDC Submission Date: 02/21/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 5 Huckleberry Ln

Tax Map Number: 32 Parcel Number: 61

Owner of Record: Sunshine Daydream LLC, C/O FIRST AMERICAN R/E TAX SERVICE

Description of Proposal: Minor modifications to existing main house including new windows, new doors, dormer modifications and small addition. Demolish garage, build new garage. Demolish shed, build new shed. New spa. Landscaping and hardscaping.

Anticipated HDC Submission Date: 02/21/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

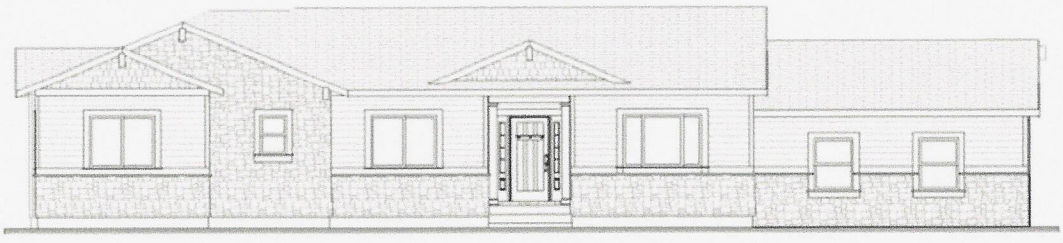
27 OLD SUTH ROAD – DEMOLITION/MOVE OFF SITE

Structure is not a "ranch house" – it is a simple one bedroom 24' x 20' cottage with a kitchen addition on the rear in a state of disrepair on a crawl space. There are pods of ranch homes on Nobadeer Way near the airport/Surfside Rd/Hooper Farm Road/Gold Star Drive.



Prominent features are of the original ranch house style include:

- Single story
- Long, low-pitch roofline
- Asymmetrical rectangular, L-shaped, or U-shaped design
- Simple, open floor plans
- Living areas separate from the bedroom(s) area
- Attached garage
- Sliding glass doors opening onto a patio
- Windows with a large glass area, sometimes decorated with non-functional shutters
- Vaulted ceilings with exposed beams often in combination with tongue and groove roof decking
- Mixed material exteriors of stucco and brick, wood or stone
- Deep overhanging eaves
- Cross-gabled, side-gabled or hip roof
