RE: Walter Beinecke Jr. Bronze Plaque at the Nantucket Boat Basin

To Whom It May Concern:

The original bronze plaque honoring Walter Beinecke Jr. was dedicated in April of 2005, (see attached article from the Nantucket Independent from April 27th, 2005).

The original bronze plaque is not very becoming and lacks a level of detail and quality that the Beinecke family believes does not properly honor Walter.

A new bronze plaque was designed and fabricated which is the exact same size and includes the exact same text as the original. The modifications made have been to the quality of the artwork, the bas relief of Walter's image and now includes bas reliefs that represent the historic architecture and unique Nantucket environment that Walter so loved and dedicated his life to preserving.

We have approval from Issie Shait, Executive Vice President from New England Development. (See attached exchange of emails with the approval at the bottom of page three dated September 22, 2023).

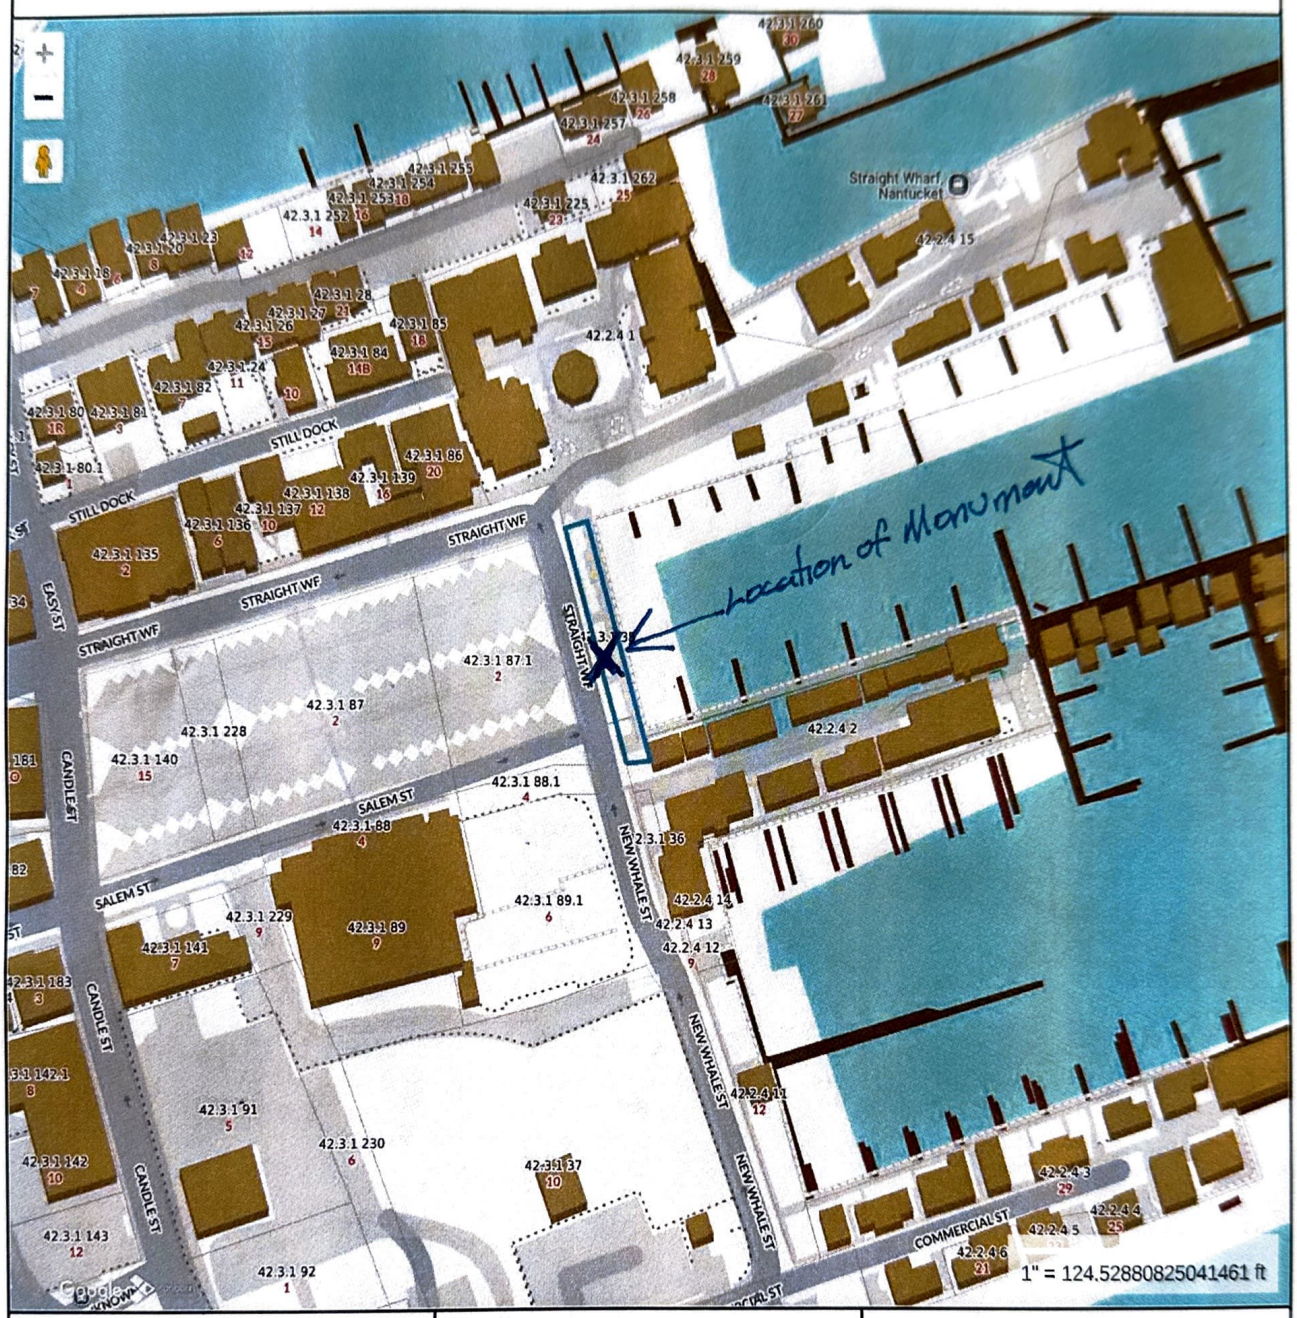

The Beinecke family hopes to have a rededication ceremony in October of 2025.

Please let me know if you have any questions, concerns or comments.

HONORING WALTER

On Sunday, Nantucketers gathered at the Boat Basin to honor late island luminary Walter Beinecke, Jr. Chaired by Selectman Bruce Watts, a recognition committee of eight individuals directed the erection of the Walter Beinecke, Jr. Memorial, an inscribed plaque with bas-relief flush-mounted on a piece of granite collected from Boston's Big Dig.

The monument, according to the recognition committee, will stand in the memory of "a visionary whose leadership, passion, determination and generosity revitalized Nantucket."

Beinecke died on Nantucket on May 23, 2004 after a distinguished career both on island and off. During his 86 years, Beinecke assisted in founding the Nantucket Conservation Foundation in 1963, the Nantucket Historical Trust with his father in 1957, Sherburne Associates in 1965 and the University of Florida's Preservation Institute: Nantucket in 1972. A noted volunteer and philanthropist, Beinecke served at various times as an officer of the Nantucket Cottage Hospital, board of directors member of Nantucket Electric, trustee of Hamilton College in Clinton, N.Y., trustee of Lenox Hill Hospital (N.Y.) and the Southern New York Health and Hospital Planning Council, among myriad of involvements. He also amassed and donated collections of rare manuscripts to Yale University and Hamilton College.

Celebrated for his far-sightedness, Beinecke was among the chief architects of the revitalization of the town's waterfront. He razed fishing shanties and coal and ice storage plants and recast Straight, Swain's and Old South wharves according to his vision.

"What should have been Nantucket's frontyard had become the backyard," Beinecke once said. With Sunday's installation, the steward of Nantucket's waterfront has a permanent place in the area so definitively impressed by his understanding of the island mores. ■

PHOTOS BY GENE MARON

Clockwise from top, left: Bruce Watts, right, welcomes the crowd, while Phil Reed, left, waits to offer his reflections about the life of Beinecke; a crowd gathers around a tree at the location of the memorial; Beinecke's grandchildren gather around the plaque, proud of their grandfather's accomplishments.

Walter Beinecke Jr Bronze Plaque at the Nantucket Boat Basin

Dear Mr Shait,
I received your name from Barbra Spitler who is one of Walter Beinecke's daughters who lives on Nantucket. I am a very close family friend and Walter was like a father/mentor to me growing up. I also work closely with the Nantucket Historical Association on a number of their current projects and initiatives.
I am writing to you regarding the bronze plaque of Walter that is at the western edge of the Boat Basin. Although the family loves the idea of Walter being honored, the quality of the current plaque is seriously lacking. The family and some friends have taken it upon themselves to design a new bronze plaque of a much higher artistic quality. It would be the same text and the same size and would fit exactly on to the same granite base that is supporting the existing one.
We all wanted to let you know about the plan and get your opinion.
We are hoping to have a ceremony in early summer of 2024 to dedicate the new plaque.
I have attached a picture of the current plaque and a rendering of the proposed.
Thank you in advance for any help you might be able to provide. If there is someone else I should contact at your company I would be grateful if you could pass along their contact information.
All the best,
Glenn

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 25 Hussey St

Tax Map Number: 42.3.4 Parcel Number: 54

Owner of Record: Roy Robert L Trust

Description of Proposal: Guest Cottage

Anticipated HDC Submission Date: 4/07/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 25 Hussey St

Tax Map Number: 42.3.4 Parcel Number: 54

Owner of Record: Roy Robert L Trust

Description of Proposal: Demo of the existing garage. (Future Garage/ cottage to be submitted at a later date)

Anticipated HDC Submission Date: 1/27/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Minor Proposed Changes

- Front Façade (West) – change door color from red to white to match historic image (or green as a 2nd choice)
- North Façade – Restore preexisting clapboard that was discovered under sidewall shingles, add two doors to rear deck, add deck stoop.
- Rear Façade (East) – add outdoor shower, replace Andersen window with historic, relocate HVAC condensers
- South Façade – shift window & door, replace door slab to match historic

Preexisting Front Façade (West)

Preexisting North Elevation

Restoration Work Underway: Preexisting clapboard discovered under shingles to be restored.

The clapboard that was discovered under the sidewall on the north façade can be restored to a like new condition. We've proceeded with its restoration on the main mass of the building (forward portion) and will continue with the clapboard at the rear.

All lead paint has been painstakingly removed from the existing millwork. Original, old-growth, white pine dentil moldings and corbels (throughout all the building's corniced eaves) have been preserved. First the millwork elements were carefully removed intact, reinforced as needed, sent off island for paint stripping, repaired carefully with epoxies thereafter in the shop, and then repainted and reinstalled thereafter.

Historical Information & Phased Restoration

Built in 1800 by Charles H Robinson, the St. Mary's Rectory at 6 Orange Street was once the home of Whaling Captain James Easton. Purchased by St. Mary's Church in 1900, the structure has housed the Church's Rectory since that time.

The structure is relatively well preserved, but the edifice requires significant restoration to forestall any further degradation of the historic exterior façade and its ornate millwork. A significant step was taken seven years ago, when the slate mansard roof was replaced and stemmed the tide of deterioration. This next phase will complete the preservation of the structure for the next generation.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Ground Mounted Solar is not an option for this property. There is no remaining ground cover available due to wetlands restriction and drainage easement. Ground mount solar is subject to ground cover and setbacks.

Solar panel placement on NW and NE roof planes is not an option due to the low production and lack of economic viability. All solar panels must be parallel to roof planes. Panels 'tipped up' to face southern angles will not withstand high winds on this roof structure and puts roof itself in jeopardy.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 85 Vestal st

Tax Map Number: 56 Parcel Number: 252

Owner of Record: Vestal Nantucket LLC

Description of Proposal: New main dwelling, 2009SF, New garage/ studio, 500SF, 16'x32' pool and shed

Anticipated HDC Submission Date: 4/14/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

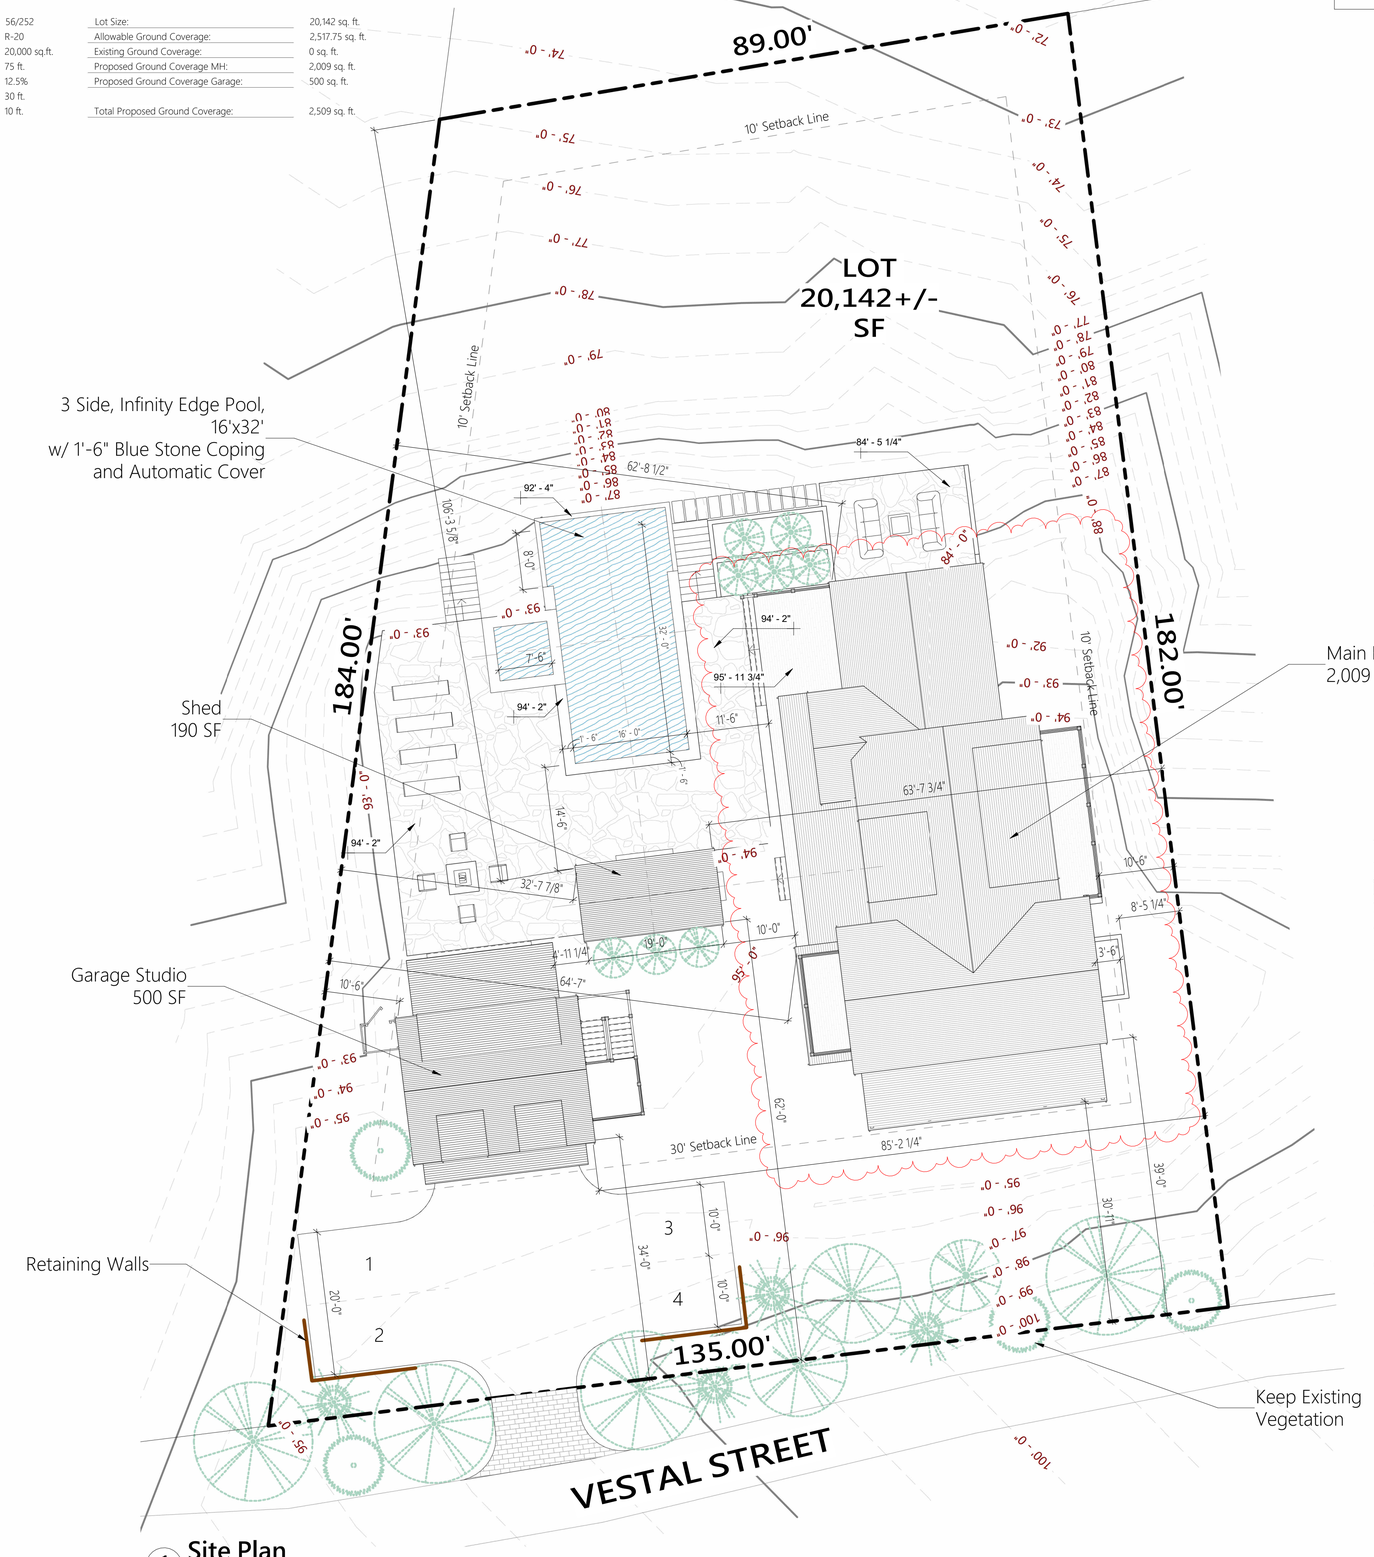

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 3 POCHICK AV

Tax Map Number: 80 Parcel Number: 323

Owner of Record: 3 POCHICK SURFSIDE LLC

Description of Proposal: New primary dwelling, garage, gym, shed, landscape and hardscaping.

Anticipated HDC Submission Date: 4/7/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 3 POCHICK AV

Tax Map Number: 80 Parcel Number: 323

Owner of Record: 3 POCHICK SURFSIDE LLC

Description of Proposal: New primary dwelling, garage, gym, shed, landscape and hardscaping.

Anticipated HDC Submission Date: 4/7/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 3 POCHICK AV

Tax Map Number: 80 Parcel Number: 323

Owner of Record: 3 POCHICK SURFSIDE LLC

Description of Proposal: New primary dwelling, garage, gym, shed, landscape and hardscaping.

Anticipated HDC Submission Date: 4/7/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 3 POCHICK AV

Tax Map Number: 80 Parcel Number: 323

Owner of Record: 3 POCHICK SURFSIDE LLC

Description of Proposal: New primary dwelling, garage, gym, shed, landscape and hardscaping.

Anticipated HDC Submission Date: 4/7/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (http://mhc-macris.net/macrisdisclaimer.htm)

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 14 TRIPP DRIVE NANTUCKET MA 02554

Tax Map Number: 80 Parcel Number: 310.1

Owner of Record: TRIPP STABLE LLC

Description of Proposal:

A NEW TWO-STORY DWELLING/STABLE, A NEW CARRIAGE HOUSE/GARAGE, AND A NEW SHED.

Anticipated HDC Submission Date: 4/14/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 2 Dukes Road

Tax Map Number: 41 Parcel Number: 187

Owner of Record: Dukes Road Trust, Steven Cohen Trustee

Description of Proposal: Relocate existing structure on lot, Addition

Anticipated HDC Submission Date: April 28, 2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 8 Cannonbury Lane

Tax Map Number: 74 Parcel Number: 8

Owner of Record: Robert + Katherine Hatcher

Description of Proposal: New Dwelling

Anticipated HDC Submission Date: April 28, 2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 75 Hooper Farm Rd (Part of)

Tax Map Number: 67 Parcel Number: 329 (Part of)

Owner of Record: LENTOWSKI JAMES F & PRISCILLA

Description of Proposal:

Construct new modular dwelling.

Anticipated HDC Submission Date: 4/25/2025

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 8 Golf View Drive

Tax Map Number: 66 Parcel Number: 192

Owner of Record: Daniel P Murphy

Description of Proposal: Move off/Demo existing house. New house and guest house.

Anticipated HDC Submission Date: 2024.10.21

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

11 SOMERSET ROAD

- The original structure dates to about the 1880's, with the dwelling part of a larger farm complex.
- The large parcel was sold in 1945 to Lawrence Miller who split the parcel up into several lots.
- The dwelling had been a smaller one-story cape dwelling with a 1-story rear addition.
- By 1949, Miller had put a second floor on the front and rear sections, cobbling together windows from other structures. There are 6/6, 8/8, 12/12 windows in the structure of varying ages with a few newer windows.
- In 1950, Miller sold it to Preston and Rita Manchester, the property remains in the same family today.
- Manchester did not do any improvements to the structure and it has steadily slid into disrepair since his purchase of the property.
- Clifford Williams, Manchester's grandson, has been trying to improve the structure since he bought the property from the estate in 2005. However, repairs were stalled again until his grandfather passed away, having had a life-right, on April 5, 2011.
- The current plan is to replace the windows initially on the main mass with this application, repairing the trim as needed.
- In the fall a new application will be made to remodel the rear additions and replace the windows and repair the trim as needed due to the great expense of the overall project.
- Clapboard already been approved for the front façade by the HDC recently.
- The rebuild on the portico has been presented to the HDC and is going to be heard as Old Business with a few revisions.
- Williams proposes to use Andersen Woodwright SDL windows that have a spacer bar between the panes, with no storms needed and would contain the Nantucket profile.
- Front door will be wood and match the existing.
- Trim will be replaced as needed and sistered into the existing trim and gutters whose wood has not deteriorated and painted white to match the existing.
- The dwelling is sited over 80 feet from Somerset Road which would eliminate visibility of the windows.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 308 Madaket Rd

Tax Map Number: 60 Parcel Number: 2.1.67

Owner of Record: 308 Madaket Holdings LLC

Description of Proposal: 22x40 built in pool with integrated hot tub and 12x24 pergola

Anticipated HDC Submission Date: 5/2/25

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Tax Map Number: 60 Parcel Number: 2.1.67

Owner of Record: 308 Madaket Holdings LLC

Description of Proposal: 22x40 built in pool with integrated hot tub and 12x24 pergola

Anticipated HDC Submission Date: 5/2/25

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

[3]"Lifetime" refers to the period from installation until the original Owner no longer owns the building. [4]All values are approximate. [5]Products are developed with reference to these standards. [6]Impact rating is solely for potential insurance premium reductions and is not a performance guarantee, implied or express warranty of any kind. Maddequet Admiralty Dedicates Association's Club-house.

The **Maddequet Admiralty Association** formally dedicated its new clubhouse Monday afternoon, in a ceremony that was replete with interest and entered into by a large gathering of members and invited guests. The dedication was in the nature of a memorial to the late Walter Gilman l'age through whose incentive, advice and co-operation the **Admiralty** came into lieiti^. It Mr. FniiT could have been present on this occasion he would have been most happy indeed, not because the **Maddequet Admiralty Association** had erected Ihis building and dedicated it. to his memory, but because it had been built on such a firm foundation—the foundation of good fellow-

ship and honest citizenship. lie would have been gratified at the manner in which the **Admiralty** has carried on of its ideas and ideals, of the fine spirit of brotherhood and friendship that it lias exemplified, and in the evident desire to be of service to Nan- ! tucket, that has been manifested since i . : its incorporation. j In the four years that have passed | it has won and held the confidence : and respect of the people of Nantucket, and this fact was clearly apparent Monday, when the occasion bej came a

delightful social affair as well las the formal dedication of the clubhouse. The officers and members were showered with congratulations from their guests, many of whom had not before had the opportunity to inspect the **club-house** and its appointments.

Four o'clock was the hour set for tile exercises, but it was a few minutes after the hour before Commodore "Ray" Morris led the club officers into the building to take seats set apart tor them in front of the mammoth fire-place. The guests were seated in semi-circular rows and the Commodore and his retinue made an impressive entrance, wearing white trousers, dark blue . jackets and white yachting caps. With a rap of the gavel the Commodore called the gathering to order and Rev. Richard 11. Gurley, the el ill.) chaplain, then invoked Divine blessing as follows: "Almighty Cod. Who alone spreadest out the heavens and rulest the; raging of the sea. vouchsafe to take i into Thy most gracious and all-pow-erful protection this **Association,** its officers and members. Give wisdom I and judgment and faith to all who i are chosen to direct its management,; . " .lid to all its membership increasing! loyalty to the high purposes for which) it was founded. "Especially wo would remember ourj two departed comrades. Walter Gilman I'age and Karl Kyrich .Satler. Grant to them Thy mercy and the light of Thy presence. May their souls rest in peace! I ' I

"And as we gather here to dedicate this building in the construction of which we with them have been mutually associated, we thank Thee for a task accomplished, a work the more complete in that it has welded us the more strongly together in friendship at:d mutual interest. May all who ever gather within these walls he strengthened by those purposes which have bi-ought this building from dream to reality.--mutual helpfulness and cooperation, even in a world so torn by bitterness and strife. "So, as in the name of God we dedicate this building—bless it, we pray Thee, to our use and ourselves to Thy faithful service. And to Thy .Name lie the praise and the ixlovy forever. Amen." Commodore Morris had by this time over-come his nervousness and made the first public address of his career in extending a welcome to the assemblage, as follows: "Some years ago we heard in school that great oaks from little acorns

grow. Few of us who began the building <>f this **association** had any idea that in four short years we would be standing in our own **club-house,** built by our own hands, and furnished chiefly through the friendship and help extended to us by so many persons not of our membership. "Kncouraged, as we are, by this beginning, we look forward to many . sears' growth -not in members, for uv membership is limited by charter to fifty —but in the numbers of those who believe with us that this **association** has a real place in the right and l-cst development of **Maddequet** and of the whole island of Nantucket. And so we say W'rlrnnir to all of you. We ask your continued interest in us

and we cherish your best wishes Colour future growth in fellowship and usefulness to the community and to mankind. And now we want you all to know from whence we came, so I am going to ask Past. Commodore B. F. I.). Runk—one of our earliest moving spirits—to tell you a few facts about our earlv historv "

! Mr. Runk spoke in a most friendly manner, outlining briefly the growth of the **Admiralty** from the time the first suggestion was made that a club be organized among those who had interests at **Maddequet,** an organization which would have for its aims friendship, fellowship and good citizenship. It was in the summer of l!l."!2, Mr. Runk said, that the project began to take shape over "steak suppers", gradually but steadily gaining ground until the **Maddequet Admiralty Association** was incorporated. Maddequet Admiralty Dedicates Association's Club-house.

(Continued from First Page.) read a clipping from The Inquirer and Mirror of July 20, 1933, which outlined the launching of the **association** on its long voyage—a voyage without end. Mr. Runk gradually carried his audience along through the four years, emphasizing the principles upon which the **Admiralty** was brought into existence and reading from its charter certain facts upon which he wished to place particular stress. That the gathering had keen appreciation of Mr. Bunk's chronicle of the early life of the **Admiralty** was apparent from the applause which was heard as he concluded his remarks. The Commodore then called upon Mrs. Walter Oilman Page, who was escorted forward to unveil the tablet which dedicated the building to the memory of her late husband. The gathering stood at attention as she drew aside the ilag, revealing the large tablet which had been placed above the fire-place mantel bearing the following inscription: In memory of Walter Gilman Page Artist—Historian this **club-house** was erected by his friends—1937.

Past Commodore Howard U. Chase was called upon to present a history of the

development of **Maddequet** during the past four years, to show what the **Admiralty** has accomplished thus far. He touched upon the harbor and anchorage development, through a state appropriation of §13,000 secured with the co-operation of Representative Swain, as a result of which a channel has been made into the creek and anchorage conditions in the harbor improved. The inauguration of electric service from town, of the telephone service which soon followed, of the **Admiralty's** activities in the fishing industry and other improvements it has worked for, were all touched upon by the speaker in outlining what has already been done in community improvement. Past Commodore Earl S. Ray was asked to tell about the construction of the **club-house** and of the fine spirit of co-operation that entered into the project from start to finish. It was built throughout, Mr. Ray said, by "free labor", the members working together in true comradeship from the moment the first sod was turned over by "Uncle Roger" Davis on the lGth of November 11133, until the clubhouse was completed and equipped.

"We could not have done this, however," said Mr. Ray, "without the generous support and financial help of our friends, to whom we are truly grateful." Mr. Ray's reference to some of the incidents which occurred during the construction of the building were entertaining and amusing, and were appreciated by the club members as well as by the guests. Murani W. Macy was the next club member called upon. Mr. Macy spoke in behalf of the entertainment committee, outlining briefly what the **Admiralty** has done and is doing in a social way. He referred to the series of dances held each winter, which are conducted in a wholesome, dignified and enjoyable manner. He referred to the regattas, the annual balls, the clam-bakes, and other gatherings held by the **Admiralty,** all of which have been conducted in a mani\cr intended to bring credit and respect to the organization. In concluding, Mr. Macy said that the committee has arranged for a series of dances for the members and invited guests the coming winter which arc to be the same "good, clean, enjoyable old-time dances" where all may mingle with assurance that the standards

of the **Admiralty** will be upheld. Gilbert Manter, the "ship's writer", then read several letters and telegrams which he had received expressing regret that the parties could not he present at the dedication. They were from Capt. George Eaton, of the lighthouse district; from the secretary to Senator Henry Cabot Lodge; from Congressman Charles L. Gifford; and from Capt. Harry Manter. Commodore Morris expressed the thanks of the **Admiralty** to the friends who had sent the large baskets of flowers for the dedication, and also the thanks of the members to all those who had in any way been of help to the **Admiralty.** lie then invited members and guests to step

outside for the ceremony of dedicating the tall flag-pole and unfurling the large flag —presented to the **Admiralty** by Miss Maude Stovell in memory of her mother, the late Mrs. Elizabeth Stovell. While the club members stood at attention, the cannon was fired by

I.cBaron Ray and Past Commodore Chase broke out the flag at mast-head. The ceremony went through without a hitch and brought forth warm applause. The gathering was then invited back into the **club-house,** where the ladies and a ¦corps of young girls served refreshments. The formalities over, the occasion resolved itself into a friendly social gathering, many of the guests lingering a half-hour longer for chats with friends and to inspect the appointments of the **club-house,** which brought forth many complimentary remarks. The dedication, with its attendant pleasures, was characteristic of the way the **Maddequet Admiralty** conducts all of its club and social affairs. It was a delightful event, worthy of the man whose memory the **club-house** perpetuates and worthy of the men who have formed this **association** and are carrying it along through the paths of good citizenship.

Ihe present officers of the **Maddequet Admiralty Association** are: Commodore—Clifford R. Morris. Vice-Commodore—William Waine. Ship's Writer—Gilbert Manter. Paymaster—Wesley A. Fordyce. Chaplain—Rev. Richard H. Gurley. Fleet Captain—Ralph I. Bartlett. Harbor Master—Elliot Whelden. Chief Engineer—Harry Gordon. Boatswain's Mate—LcBaron Ray. Steward—Ernest S. Crocker. Buoy Setter—Irving A. Soverino. ****** In the evening a "dedication dance" was held, with Mrs. Wilson, Frank Thurston and Merlin Crocker playing music for the old-fashioned dances. Everyone enjoyed the square dances and waltzes in the cool and well-ap-pointed clubhouse. The south wall, embracing the fireplace, was especially pleasing to the eye, with its two shiny brass cannon, the paintings of sailing ships hanging on the opposite sides of the huge brick fireplace, and tastily arranged vases of gladioli completing the room's decorations. One of the most enjoyale features of the **Admiralty's** dances is the spirit of good-fellowship which is always present. There is ever a good-sized gathering but it never quite becomes too crowded to enjoy the dances fully. The John Paul Jones, ever the most

popular ol the dance, tends to unite all those present into one big group—in direct contrast to the many "sets" found at the average dance; and the ready co-operation of the orchestra is always manifest. The first dance of the coming fall and winter series of **Maddequet Admiralty** parties will be held on the evening of September 18th in Chace hall.

THE ISLAND'S INNER SANCTUMS

Step inside some of the most exclusive clubs on the island.

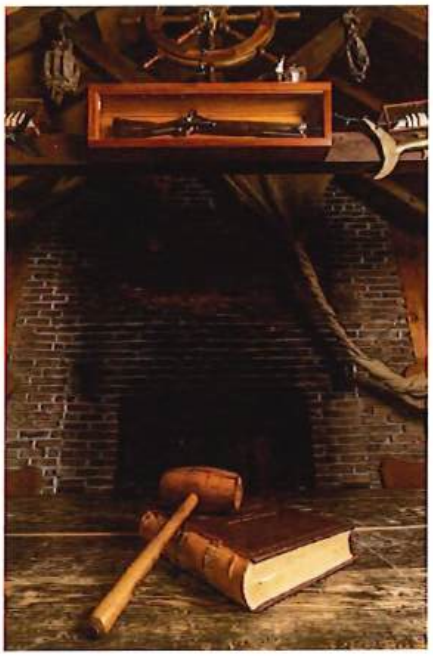

On an island where yacht clubs and golf clubs can fetch six figure initiation fees, there are a handful of organizations where no amount of money can buy a membership. Secret societies like the **Union Lodge of Free & Accepted Masons**, the **Maddequet Admiralty Association** and the **Independent Order of Odd Fellows** fly far below the radar. Historically, these highly private organizations were a means for like-minded men to gather and socialize. But that's now changing, as **these enclaves are becoming more inclusive**, with members speaking passionately about awarding scholarships and other kinds of financial aid to diverse recipients on the island. **Despite the contributions of these organizations to the community, very few from outside their ranks have been allowed entry into their halls.** Until now. With a little bit of digging and a promise not to spill any secrets, *N Magazine* gained access to some of the island's most tight-lipped clubs.

THE MADDEQUET ADMIRALTY

(https://n-magazine.com/wp-content/uploads/2019/06/screen_shot_2019_06_jla1c.jpg)On a bright, sunny day in late May, **Carl Sjolund** was out in his twenty-three-foot scalloping boat, digging littlenecks in Madaket harbor. He was throwing an Admiralty dinner, and he planned to serve stuffed clams and Alaskan cod caught by his son Jim, a mate on a longliner in the Bering Sea. "It's the only building in Madaket with a cannon in the front yard," Sjolund says of the clubhouse on Tennessee Avenue that is almost within casting distance of **Hither Creek**. The World War I-era cannon is fired to mark events such as the dinners Sjolund and others host for 130 or so men and family members. Of those, a few dozen, like Sjolund, are life members who

have attended meetings, fishing tournaments and social events with the Admiralty for more than twenty years.

(https://n-magazine.com/wp-content/uploads/2019/06/screen_shot_2019_06_1Pnk1.jpg)"This is the last stronghold on Nantucket," says **Commodore Woody Lindley**, who stands behind a bar with a working compass embedded in its lacquered top. "Most of the people here have been on Nantucket a long time." **In the 1930s, the founders of the Admiralty Club's goal was to promote the social well-being of the handful of families inhabiting Madaket**, Lindley says. That meant ensuring that roads and electricity extended to the far end of the island. Today, the Admiralty raises tens of thousands of dollars for scholarships for Nantucket high school students.

Lindley calls the club low-key and family-oriented. Prospective members are sponsored by an existing member and attend up to a year's worth of meetings before they're "spoken on and voted on," Lindley says. But he acknowledges that the membership is aging—"We keep a defibrillator in the kitchen," he quips— and he sees fewer young families at fishing tournaments.

(https://n-magazine.com/wp-content/uploads/2019/06/screen_shot_2019_06_5TTNM.jpg)Lloyd Arnold, another lifetime member, describes the rough wooden clubhouse his grandfather

helped build as a glorified fishing stage, the hastily thrown-together waterside shacks for salting and drying cod. The wood-beamed Admiralty clubhouse, with its winches, lines and enormous ship's wheel chandelier, feels like it's about to set sail in one of the regattas the club used to host. Today, it's one of the last bastions of old Nantucket, kept alive by a group of hardy islanders who have no problem keeping secrets.

THE FREEMASONS

(https://n-magazine.com/wp-content/uploads/2019/06/screen_shot_2019_06_H5YuG.jpg)
Someone once wrote that the Freemasons are not a secret society, but a society with secrets. "I don't know what I can tell you and what I can't," says **Mark Norris**. He's been on Nantucket for twenty-five years and over the past eight has worked his way to the top of the Union Lodge of Free & Accepted Masons' hierarchy to earn the title of **Worshipful Master**. "So I'm not going to divulge too much—just in case." At a safe distance, Norris flips through the pages of a small spiral-bound notebook with a blue cover: the repository of rituals. **"It's all written in code," he warns. "If you picked it up, it'll just look like gibberish."**

While historians do not know exactly when the Freemasons were formed, their best guess is the

Revision Narrative

During the re-install of new electric meter gear and cabinet to enclose them we had to adjust our cabinet access doors. There is a tree you can see in the picture that would be in the way with the raised, shifted gear and new access doors. We propose to build (3) double doors “like in kind” over the (2) double door “like in kind” we had previously approved through HDC.

George B. Cartwright

89 Main Street

Benjamin Bunker c. 1750; enlarged by Silvanus Macy, 1801

Many houses on Main Street have long been associated with the first owner of the property; since the 1870s the house at 89 Main Street has been called the "Thaddeus Coffin House," leading many subsequent admirers of the house to assume that it was built by him. Although retired whaling master Thaddeus Coffin (1789–1876) did live at 89 Main Street in the 1860s and '70s—when Charles and George B. Cartwright, his wife's brothers, owned the property—the original house at 89 Main Street was built by Benjamin Bunker, whose father, Jabez Bunker, owned considerable property in the area.

Benjamin Bunker built a small three-bay house on family land in the mid-eighteenth century; structural evidence suggests that the original house was a lean-to, with a long sloping roof on the north side. In a somewhat unusual arrangement, the original entry appears to have been on the west side of the house rather than on the south.

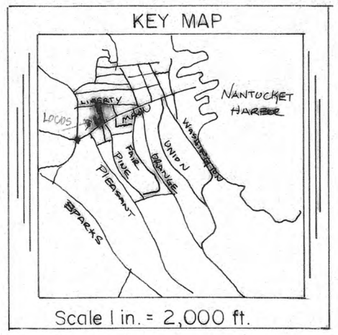

Benjamin Bunker sold the house to Caleb Macy in 1798 and Caleb bequeathed it to his two sons, Obed and Sylvanus, who were partners in business and close friends. Sylvanus moved into the house in 1799; his brother Obed, journal-keeper extraordinaire, records May 5, 1801, that "Jonathan Swain Jr. & Co. began to frame Silvanus house." Whether it was altered to its five-bay symmetrical façade then, or later, the outline of the main mass of the house appears on the 1833 *Map of the Town of Nantucket* in the configuration we see today; the two-story addition in the rear of the house was added in 1875.

Silvanus Macy (1756–1833) is a notable figure in the history of Nantucket. A staunch traditionalist—Quaker and Democrat—he publicly butted heads with local Congregationalists and Federalists in the 1795 Nantucket Bank robbery scandal and the 1811 "commons" controversy, when a group of petitioners sought to introduce private ownership to the commonly held lands on the island. His brother Obed, who wrote the first history of Nantucket in 1835, chose not to discuss either topic.

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: _____

Tax Map Number: _____ Parcel Number: _____

Owner of Record: _____

Description of Proposal: _____

_____

_____

_____

_____

Anticipated HDC Submission Date: _____

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

> Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.
>
> For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:
>
> 1. Introduction of the application;
> 2. Response by applicant;
> 3. Public comment in favor of proposal;
> 4. Public comment in opposition of proposal;
> 5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
> 6. Commission comments and discussion with applicant;
> 7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 220 Milestone Road

Tax Map Number: 59 Parcel Number: 1

Owner of Record: Nantucket Conservation Foundation

Description of Proposal:

Relocate house on site

Move Off / Demolition of gambrel barn

New education / research center

Anticipated HDC Submission Date: 2025.05.12

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 220 Milestone Road

Tax Map Number: 59 Parcel Number: 1

Owner of Record: Nantucket Conservation Foundation

Description of Proposal:

Relocate house on site

Move Off / Demolition of gambrel barn

New education / research center

Anticipated HDC Submission Date: 2025.05.12

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.

NOTICE OF HDC APPLICATION

ABUTTERS AND INTERESTED PARTIES

Please be informed that the Nantucket Historic District Commission will be considering the following proposal:

Address of Proposed Work: 220 Milestone Road

Tax Map Number: 59 Parcel Number: 1

Owner of Record: Nantucket Conservation Foundation

Description of Proposal:

Relocate house on site

Move Off / Demolition of gambrel barn

New education / research center

Anticipated HDC Submission Date: 2025.05.12

You have been identified either as an abutter or interested party to the above property and are being notified in accordance with the Town Bylaw. Please note that the above submission date is an estimate only; the actual meeting date will be determined once the HDC staff has established that a complete application has been submitted. Please contact the HDC office to verify the date. Please note that notification is only required at the time of initial submission of an application, not for each time an application goes before the Commission. Abutters are responsible for monitoring the status of applications.

If you wish to comment on the above proposal, you are encouraged to submit your comments in writing to the HDC office. If you wish to testify at a Commission meeting please be aware that your testimony may be limited by the Commission in accordance with Commission policies, which are included on the back of this form. Due to the large sizes of most applications, the HDC office may not be able to send faxed copies of the plans. Off-island abutters wishing more detailed information may enlist an on-island representative to view the plans in the HDC office.

If you have any questions, please contact the HDC office at 508.325.7587.

HDC POLICIES FOR AN ABUTTER AND/OR INTERESTED PARTY TESTIMONY

Abutters are encouraged to limit their responses to issues that fall within the statutory mandate of the HDC – mainly the appearance of a proposal from the publicly traveled way and its impact on the existing historic environmental context. Issues such as land uses, noise, and impacts on private property are outside of the HDC's purview and cannot be addressed by the Commission.

In order to maintain a balance between the wishes of abutters and interested parties to express their concerns and the need of the HDC to conduct its business in a timely fashion, the following policies have been established:

Abutters and interested parties wishing to testify before the Commission shall be limited to three minutes of testimony. Only one representative from each abutting property or interested party shall be permitted to testify.

For those cases in which a substantial number of abutters and/or interested parties wish to testify (as determined by the Chair), the Chair shall structure the review of an application as follows:

1. Introduction of the application;
2. Response by applicant;
3. Public comment in favor of proposal;
4. Public comment in opposition of proposal;
5. Closing of public comment-no further comment unless requested by Commission members through the Chair;
6. Commission comments and discussion with applicant;
7. Commission action.

The above meeting policies may be waived at the discretion of the Chair.
